Budget Summary – Agency Request

Executive Summary

The Kansas Guardianship Program (KGP or Program) ensures eligible adults without family or financial resources have access to court-appointed guardians or conservators. Adults are typically identified through other state services such as Adult Protective Services, Department for Children and Families (DCF), and Kansas Department for Aging and Disability Services (KDADS), or are identified by hospital social workers. The Program maintains a list of between 800 and 900 volunteers who can take wards under their care in exchange for a monthly stipend.
