Approved Budget

1. 2025 SB 125

The 2025 Legislature passed, and the Governor enacted, one bill appropriating and adjusting funding for state agencies. A total of \$9.0 million, including \$365,152 million SGF, was approved for the State Fair in FY 2026.

2. Lighting Project

The agency’s revised request includes \$250,000 SGF to complete the transition from traditional lighting to high-efficiency LED lighting on the grounds of the State Fair in FY 2026. The agency indicates the project will increase safety and security, while also reducing electricity costs.

The 2024 Legislature approved \$300,000 SGF to install security lights in FY 2024. Due to the timing of enactment of the appropriations bill and moneys being appropriated for this purpose in FY 2024, no moneys were expended and the funds rolled forward for FY 2025.

The agency did not complete the totality of the project in FY 2025, and moneys were lapsed at the end of FY 2025. The moneys were lapsed because there was no account to which the moneys could be reappropriated. The 2025 Legislature added \$365,152 SGF to pay off debt service obligations on the Expo Center Rehabilitation and deleted \$135,000 SGF for State Fair operating expenditures in FY 2026.

The moneys for the security lights were originally appropriated to the agency’s operating account, and when the 2025 Legislature deleted the operating account for FY 2026, there was no account to which unspent moneys from FY 2025 could be reappropriated.

The agency indicates that during FY 2025, the State Fair experienced the retirement of two key staff members who were critical to the agency’s ability to complete the work. As a result, the project was not completed and a total of \$218,427 was lapsed at the end of FY 2025.

KANSAS STATE FAIR

Budget Summary – Agency Request

The agency's request includes the amount lapsed plus an additional \$31,573 SGF, for a total of \$250,000 SGF for the lighting project in FY 2026. The agency also requests reappropriation authority for FY 2027 due to potential timing issues with budget approval and the ability to have work quoted, bid, and encumbered in a timely manner.

3. Shuttle and Tent Reimbursement

The agency's revised request includes \$20,507 SGF for shuttle and tent reimbursement in FY 2026. During the 2025 State Fair, free parking became unusable due to wet and rainy conditions. The agency indicates that several dozen cars became stuck and required towing during the State Fair. All free parking was closed from September 8 through 11. Two lots were reopened on September 12, and another had a staggered reopening from September 13 through 14. The 2025 State Fair occurred from September 5 through 14.

The agency hired shuttles and purchased canopies to offer transportation to patrons who were able to park offsite and be transported to the grounds. The agency requests reimbursement for these expenditures, totaling \$20,507 in FY 2026.

Other Changes

4. State Fair Capital Improvements Fund

The agency's revised request includes an increase of \$620,788 from the State Fair Capital Improvements Fund, for a total of \$1.2 million in FY 2026. This represents an increase of 105.3 percent. This is mostly attributable to the agency shifting capital improvement expenditures from the State Fair Fee Fund to the State Fair Capital Improvements Fund in FY 2026.

5. ARPA

The agency's revised request includes a new \$22,700 American Rescue Plan Act (ARPA) request for an emergency command center in FY 2026. Moneys for this project were approved by the State Finance Council on December 21, 2022, as part of the State Efficiency and Modernization Program in the amount of \$250,000. The agency had previously estimated expending all moneys for the project in FY 2024. However, the project was not completed in FY 2024 and was carried forward to FY 2025, where the moneys were again carried to FY 2026. The agency estimates expending all remaining ARPA moneys in FY 2026 and does not expect to carry any moneys into FY 2027.

The agency further indicates that it is no longer working toward an emergency command center on the State Fairgrounds. The agency is awaiting final invoices regarding the project, and once those are paid, any unexpended balance in the agency's ARPA fund will be remitted back. Agency ARPA expenditures in FY 2025 totaled \$227,300 for architects and engineers.

6. State Fair Fee Fund

The agency's revised request includes a decrease of \$456,894 from the State Fair Fee Fund, for a total of \$7.6 million in FY 2026. This represents a decrease of 5.6 percent. The decrease is mostly attributable to the agency shifting capital improvement expenditures from the State Fair Fee Fund to the State Fair Capital Improvements Fund in FY 2026.

These decreases are partially offset by increased estimates for salary and wages and contractual services from the State Fair Fee Fund in FY 2026. The agency's revised request includes estimated increases in salary and wages for temporary employees, as well as increased expenditures for holiday and overtime pay for full-time employees. Additionally, the agency is estimating increased expenditures related to speakers and entertainers performing at the Kansas State Fair in FY 2026.
