65-171o. Public water supply systems; suppliers to provide notice, when; form of notice. The secretary of health and environment may require a supplier of water to give notice to the persons served by the public water supply system and to the secretary of health and environment whenever the public water supply system:

- (a) Is not in compliance with an applicable maximum contaminant level or treatment technique requirement of, or a testing procedure prescribed by, a primary drinking water standard adopted under K.S.A. 65-171m, and amendments thereto; or
 - (b) fails to perform monitoring, testing, analyzing or sampling as required; or
 - (c) is subject to a variance or exception; or
 - (d) is not in compliance with the requirements prescribed by a variance or exemption; or
 - (e) is subject to potential lead contamination from either or both of the following: (1) The lead content in the construction materials of the public water distribution system; (2) corrosivity of the water supply sufficient to cause leaching of lead.
- The secretary of health and environment shall by rule and regulation prescribe the form and manner for giving such notice.
