Mr. Chairman:

As a landowner in the Cowley County area, I am totally in support of HB 2295. At one point I counted 35 deer grazing my property and destroying my soybeans. I therefore am in favor of allowing an extension of the deer season, and the use of crossbows, as the population of deer has grown tremendously since I have lived in this area.

I would further support the donation of deer meat to food pantries or other such organizations that feed the hungry.

I thank you for consideration of this bill.

Sincerely,
