**Date:** Sunday, January 22, 2012 11:15:24 PM

---

Representative Brenda Landwehr:

Please submit these written statements for consideration in your hearing on HB2330 this week. I am a regular, working-Mom, Republican voter and proponent of this bill. I want this bill to pass and I want your body to legislate medicinal cannabis in our state. The prohibition of cannabis has been one of the most unsuccessful campaigns ever undertaken by our government and it is time for a more reasonable alternative to emerge. Please act with respect for the wishes of Kansans and with compassion for those who are sharing their stories.

Best regards, Sandy Stephens
