House Committee on Re-Districting:

Thank you for allowing me the opportunity to testify in support of the Abrams map *For The People 11*.

The changes made to Senate District 37 were made to accommodate Districts #23 and #12.

In talking to the senators, representing these two districts, they feel the southwestern part of the 37th District should stay where it was originally and that is in District 37.

Thank you for your consideration.

Ray Merrick
State Senator 37th District
