

SESSION OF 2011

**SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2371**

As Amended by House Committee on  
Corrections and Juvenile Justice

**Brief\***

HB 2371 would amend current law concerning community corrections. Specifically, the bill would amend KSA 75-5291(a)(3), which requires adult offenders sentenced to community supervision in Johnson County for certain felonies to be placed under court services or community corrections supervision, by extending the expiration of that provision from January 1, 2011 to July 1, 2013.

Further, it would amend KSA 75-52,112, which governs a community corrections grant program overseen by the Secretary of Corrections. Effective July 1, 2011, the program's current goal of "reducing each community corrections program's revocation rate by at least 20 percent" would be replaced with the goal of "achieving and maintaining a supervision success rate of at least 75 percent or improving such rate by at least 3 percent from the previous year." "Supervision success rate" would be defined in this section as the percentage of those persons under supervision in a community corrections program whose supervision is not revoked and remanded to the custody of the Department of Corrections for imprisonment.

Consistent with these changes, the bill would modify current provisions concerning priority of awards, giving preference to counties in which the supervision success rate for offenders on community supervision is significantly lower than the statewide average; which target a higher supervision success rate than required (75 percent or 3 percent annual

supervision success rate improvement); or which target the successful reentry of offenders who are considered medium or high risk for revocation. Similarly, it would amend the subsection concerning grant applications by requiring in an applicant's proposal a plan to achieve and maintain a supervision success rate of at least 75 percent; improve such rate by at least 3 percent from the previous year; or target the successful reentry of offenders who are considered medium or high risk for revocation.

### **Background**

In the House Committee on Corrections and Juvenile Justice, representatives of the Kansas Department of Corrections, Johnson County Department of Corrections, and the Kansas Community Corrections Association appeared in support of HB 2371.

The House Committee on Corrections and Juvenile Justice amended the bill by replacing January with July in the section requiring adult offenders sentenced to community supervision in Johnson County to be placed under court services or community corrections supervision.

The fiscal note for HB 2371 as introduced indicates that the precise fiscal effect to counties is unknown. The Division of Budget has not yet received information from the Department of Corrections about the potential fiscal impact of this bill.
