SESSION OF 2012

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2729

As Amended by House Committee on Agriculture and Natural Resources

Brief*

HB 2729, as amended, would allow the owner of a vehicle to purchase a nontransferable park and recreation motor vehicle permit during the vehicle registration process. Such permit would cost \$15 and would be valid until the vehicle registration expires in one year.

The bill would set the annual motor vehicle permit fee for state park admission at \$22.50 and the one-day motor vehicle permit fee for state park admission at \$3.50, both subject to change by rules and regulations. The bill also would eliminate the 50 percent fee reductions on both annual and daily park and recreation motor vehicle permits for Kansas residents age 65 or older or for persons with disabilities.

The Committee made technical amendments to the original bill and changed the effective date to January 1, 2013.

Background

The bill was introduced at the request of the Kansas Department of Wildlife, Parks and Tourism. Robin Jennison, Secretary of the Department, was the lone proponent of the bill. No opposition was presented during the hearing. The Department believes the enhanced convenience of the annual pass during vehicle registration will result in greater participation and generate revenue, which will be used to make state parks more self-sufficient.

^{*}Supplemental notes are prepared by the Legislative Research Department and do not express legislative intent. The supplemental note and fiscal note for this bill may be accessed on the Internet at http://www.kslegislature.org

The Division of the Budget's fiscal note on the original bill indicates an estimate of \$1,787,663 in increased revenue for the Parks Fee Fund, based off participation statistics from a similar program in Michigan. Implementation of this program is estimated to cost \$109,430, which will be paid by the Department of Wildlife, Parks and Tourism.
