

2012 Kansas Statutes

2-2907. Duty of secretary to inspect; methods of analysis and sampling. (a) It shall be the duty of the secretary or his or her duly authorized agent to sample, inspect, make analyses of and test agricultural liming materials distributed within this state as often as the secretary may deem necessary to determine whether such agricultural liming materials are in compliance with the provisions of this act. The secretary or his or her agent may enter upon any public or private premises or carriers during regular business hours in order to have access to agricultural liming material subject to the provisions of this act, and to any records relating to their distribution.

(b) The methods of analysis and sampling shall be those approved by the secretary, and shall be guided by association of official analytical chemists procedures.
