

2012 Kansas Statutes

10-204. Joint bridge projects by counties, cities or townships. Whenever any two counties, cities or townships are separated by a stream of water, which it is desirable to bridge, such counties, cities or townships may join in the construction of the same, and the officers aforesaid of such counties, cities or townships shall determine the proportionate share of bonds to be issued by each, and each county, city or township shall bear the same proportionate expense and cost of constructing and maintaining said bridge, and if the same be a toll bridge, shall receive the same proportion of tolls collected therefrom; but each county, city or township shall vote separately on the issuing of bonds.

History: L. 1872, ch. 68, § 8; March 7; R.S. 1923, § 10-204.
