

2012 Kansas Statutes

12-1807. Grade. Where a grade has been established for a street, the grade for the sidewalk shall be established either in the same manner as the grade for the street was established or by reference to a stated distance above or below the street grade. Where no street grade has been established, the natural grade may be used.

History: L. 1941, ch. 103, § 7; June 30.
