

2012 Kansas Statutes

13-1076. Same; reservations. Such lease shall reserve to the city and the state of Kansas, or any other superior governmental authority, the right to establish or reestablish harbor lines, and build and repair dikes along the water front of such property, and said lease shall further provide that the lessee will at his or her own expense construct roads, streets, highways and drives on and across said levee property for the purpose of gaining access to the river front, and said lease shall contain a further provision reserving to said city a strip of ground along said river front for public landing and the erection thereon of public docks and wharfs, and the right to construct sewers, and to lay water and gas mains and conduits beneath the surface, and along, over and across said levee property, and shall further reserve to said city the right to erect poles for cables to carry electric current and for telephone and telegraph wires.

History: L. 1929, ch. 125, § 3; March 8.
