

2012 Kansas Statutes

65-1626a. Practice of pharmacy defined; persons engaged as pharmacists. (a) For the purpose of the pharmacy act of the state of Kansas, the following persons shall be deemed to be engaged in the practice of pharmacy:

(1) Persons who publicly profess to be a pharmacist, or publicly profess to assume the duties incident to being a pharmacist and their knowledge of drugs or drug actions, or both;

(2) persons who attach to their name any words or abbreviation indicating that they are a pharmacist licensed to practice pharmacy in Kansas.

(b) "Practice of pharmacy" means the interpretation and evaluation of prescription orders; the compounding, dispensing and labeling of drugs and devices pursuant to prescription orders; the administering of vaccine pursuant to a vaccination protocol; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of prescription drugs and prescription devices and the maintenance of proper records thereof in accordance with law; consultation with patients and other health care practitioners about the safe and effective use of prescription drugs and prescription devices; and participation in the offering or performing of those acts, services, operations or transactions necessary in the conduct, operation, management and control of a pharmacy. Nothing in this subsection shall be construed to add any additional requirements for registration or for a permit under the pharmacy act of the state of Kansas or for approval under subsection (g) of K.S.A. 65-1643 and amendments thereto, or to prevent persons other than pharmacists from engaging in drug utilization review, or to require persons lawfully in possession of prescription drugs or prescription devices to meet any storage or record keeping requirements except such storage and record keeping requirements as may be otherwise provided by law or to affect any person consulting with a health care practitioner about the safe and effective use of prescription drugs or prescription devices.
