

2012 Kansas Statutes

66-2103. Existing gas service utility to develop plans to provide gas; failure to provide or nonacceptance of plan. (a) When notified pursuant to K.S.A. 66-2102, and amendments thereto, an existing gas service utility shall have 30 days to develop plans and propose an offer to the potential rural gas user for providing rural gas service. The proposed plan shall include plans for installing facilities, price of natural gas and projected completion date.

(b) Failure of the existing gas service utility to propose an offer or complete the project by the projected completion date pursuant to subsection (a), unless otherwise agreed to by the rural gas user and the existing gas service utility, shall cause the existing gas service utility to waive such utility's exclusive right to serve the rural user.

(c) If the potential rural gas user does not accept the offer presented by the existing gas service utility, the existing gas service utility shall release the rural gas user from the certificated area or may request from the state corporation commission a determination to approve the utility's plan or allow the rural gas user to use a different public utility or gas provider to provide rural gas service.

(d) Upon request for determination described in subsection (c) and upon receipt of the proposed plans from the existing gas service utility and from the rural gas user or their provider, the state corporation commission shall have 30 days to complete such determination.

History: L. 2002, ch. 77, § 3; Apr. 25.
