

2012 Kansas Statutes

72-6434. Local option budget; supplemental general state aid; distribution, when; transfers to capital improvements fund and capital outlay fund, when; amounts deemed to be state moneys. (a) In each school year, each district that has adopted a local option budget is eligible for entitlement to an amount of supplemental general state aid. Except as provided by K.S.A. 2012 Supp. 72-6434b, and amendments thereto, entitlement of a district to supplemental general state aid shall be determined by the state board as provided in this subsection. The state board shall:

(1) Determine the amount of the assessed valuation per pupil in the preceding school year of each district in the state;

(2) rank the districts from low to high on the basis of the amounts of assessed valuation per pupil determined under (1);

(3) identify the amount of the assessed valuation per pupil located at the 81.2 percentile of the amounts ranked under (2);

(4) divide the assessed valuation per pupil of the district in the preceding school year by the amount identified under (3);

(5) subtract the ratio obtained under (4) from 1.0. If the resulting ratio equals or exceeds 1.0, the eligibility of the district for entitlement to supplemental general state aid shall lapse. If the resulting ratio is less than 1.0, the district is entitled to receive supplemental general state aid in an amount which shall be determined by the state board by multiplying the amount of the local option budget of the district by such ratio. The product is the amount of supplemental general state aid the district is entitled to receive for the school year.

(b) If the amount of appropriations for supplemental general state aid is less than the amount each district is entitled to receive for the school year, the state board shall prorate the amount appropriated among the districts in proportion to the amount each district is entitled to receive.

(c) The state board shall prescribe the dates upon which the distribution of payments of supplemental general state aid to school districts shall be due. Payments of supplemental general state aid shall be distributed to districts on the dates prescribed by the state board. The state board shall certify to the director of accounts and reports the amount due each district, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the district. Upon receipt of the warrant, the treasurer of the district shall credit the amount thereof to the supplemental general fund of the district to be used for the purposes of such fund.

(d) If any amount of supplemental general state aid that is due to be paid during the month of June of a school year pursuant to the other provisions of this section is not paid on or before June 30 of such school year, then such payment shall be paid on or after the ensuing July 1, as soon as moneys are available therefor. Any payment of supplemental general state aid that is due to be paid during the month of June of a school year and that is paid to school districts on or after the ensuing July 1 shall be recorded and accounted for by school districts as a receipt for the school year ending on the preceding June 30.

(e) (1) Except as provided by paragraph (2), moneys received as supplemental general state aid shall be used to meet the requirements under the school performance accreditation system adopted by the state board, to provide programs and services required by law and to improve student performance.

(2) Amounts of supplemental general state aid attributable to any percentage over 25% of state financial aid determined for the current school year may be transferred to the capital improvements fund of the district and the capital outlay fund of the district if such transfers are specified in the resolution authorizing the adoption of a local option budget in excess of 25%.

(f) For the purposes of determining the total amount of state moneys paid to school districts, all moneys appropriated as supplemental general state aid shall be deemed to be state moneys for educational and support services for school districts.
