

2012 Kansas Statutes

80-2014. Use of existing facilities by additional sewage district; assessment of cost. The governing body of any sewage district shall have the power, upon the organization of any additional sewage district which shall use any of the facilities constructed by such existing sewage district, to determine the proportion of such facilities to be used by such newly created district, whether main sewer or disposal plant, and to assess such proportion of the cost of such facilities and of the operation and maintenance of such facilities against such newly created sewage district, and to use the proceeds from such assessment to retire bonds issued to pay for the construction of such facilities or to pay for the cost of the maintenance and operation of such facilities, as the case may be.
