Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the Senate and twothirds of the members elected (or appointed) and qualified to the House of Representatives concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Section 6 of article 6 of the constitution of the state of Kansas is hereby amended to read as follows:

- "§ 6. Finance. (a) The legislature may levy a permanent tax for the use and benefit of state institutions of higher education and appropriate among and appropriate the same to the several institutions, which levy, apportionment and appropriation shall continue until changed by statute. Further appropriation and other provision for finance of institutions of higher education may be made by the legislature.
- (b) The legislature shall make suitable provision for finance of the educational interests of the state. The financing of the educational interests of the state is exclusively a legislative power under article 2 of the constitution of the state of Kansas and as such shall be established solely by the legislature.
- (c) No tuition shall be charged for attendance at any public school to pupils required by law to attend such school, except such fees or supplemental charges as may be authorized by law. The legislature may authorize the state board of regents to establish tuition, fees and charges at institutions under its supervision.
- $\frac{\text{(e)}}{\text{(d)}}$ No religious sect or sects shall control any part of the public educational funds."
- Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

"Explanatory statement. The purpose of this amendment is to expressly state that the financing of the educational interests of this state is exclusively a legislative power and is to be determined solely by the legislature.

SCR 1608 2

"A vote for this proposition would make financing of the educational interests of this state determined solely by the legislature.

"A vote against this proposition would retain the current provision in the Kansas constitution, which has been interpreted by the Kansas Supreme court as empowering that court to order the Kansas legislature to fund public schools in whatever amounts that the Kansas Supreme court may determine necessary."

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the Senate, and two-thirds of the members elected (or appointed) and qualified to the House of Representatives shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the election in August in the year 2014 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.
