Session of 2015

SENATE BILL No. 170

By Committee on Utilities

2-9

AN ACT concerning electric utilities; relating to the regulation of carbon
 dioxide emissions; concerning development of a state implementation
 plan, legislative approval; state corporation commission; department of
 health and environment.

5 6

Be it enacted by the Legislature of the State of Kansas:

7 Section 1. (a) The state corporation commission and the secretary of health and environment may examine the implications of preparing and 8 implementing any rule proposed under docket EPA-HQ-OAR-2013-0602 9 or pursuant to 42 U.S.C. § 7411(d), but shall not prepare, draft, submit or 10 11 implement an implementation plan or expend any funds to develop an 12 implementation plan pursuant to any such rule until the completion of 13 judicial review, in the determination of the commission and the secretary, as to the legality of federal regulation for existing electric generating units 14 pursuant to such rule has been fully resolved. 15

(b) The secretary, prior to submission to the environmental protection
agency of any state implementation plan developed by the secretary, shall
submit the plan to the:

(1) Senate committee on utilities and the house of representatives
 committee on energy and environment or, if the legislature is not in
 session, any special committee created by the legislative coordinating
 council to address electricity or utilities issues, for such committees to:

(A) Review the impact of the plan and implementation of the rule
 proposed by the environmental protection agency on the affordability and
 reliability of the electric system for Kansas ratepayers; and

(B) submit a report including the committee's findings and approvalof the plan to the legislature; and

(2) state corporation commission and the federal energy regulatory
 commission to certify that implementation of the proposed rule will still
 permit electric utilities in Kansas to meet the reliability standards
 established by the federal energy regulatory commission.

(c) In performing a review of any state implementation plan
developed in response to docket EPA-HQ-OAR-2013-0602 or 42 U.S.C. §
7411(d), the state corporation commission and the department of health
and environment shall:

36 (1) Condition any decision related to electricity generation and

distribution on least-cost proposals that comply with any rules proposed
pursuant to 42 U.S.C. § 7401 et seq. and the state implementation plan for
which air quality criteria have been established pursuant to 42 U.S.C. §
7412;

5 (2) require that all existing electric generating units be operated in 6 accordance with such units' design parameters and in such a manner as to 7 ensure operation consistent with the initial design life of a unit at the time 8 of such unit's construction;

9 (3) cap non-fuel rate increases associated with greenhouse gas 10 regulations at 1.5%; and

(4) not allow electric generating units to be retired prior to a unit'sengineering lifetime:

(A) If the unit is necessary to maintain the grid reliability specified bythe federal energy regulatory commission reliability standards; or

(B) unless the owners of the unit have fully recouped the cost of
construction and financing, the replacement generation results in lower
electric costs to ratepayers and there is sufficient replacement capacity to
meet dispatchable capacity of the unit to be retired.

19 (d) Notwithstanding approval by the legislature, or by any 20 legislative committee pursuant to subsection (b), of the submission of a 21 state implementation plan to the environmental protection agency, 22 further action by the secretary to implement or enforce the final 23 approved state implementation plan is dependent upon the final adoption of the federal emission guidelines implemented under docket 24 25 EPA-HQ-OAR-2103-0602 or pursuant to 42 U.S.C. § 7411(d). If such federal emission guidelines are not adopted or are adopted and 26 27 subsequently suspended, vacated, in whole or in part, or held to not be in 28 accordance with the law, the secretary shall suspend or terminate, as appropriate, further action to implement or enforce the state 29 30 *implementation plan.*

Sec. 2. This act shall take effect and be in force from and after itspublication in the Kansas register.
