

## Deferred Maintenance

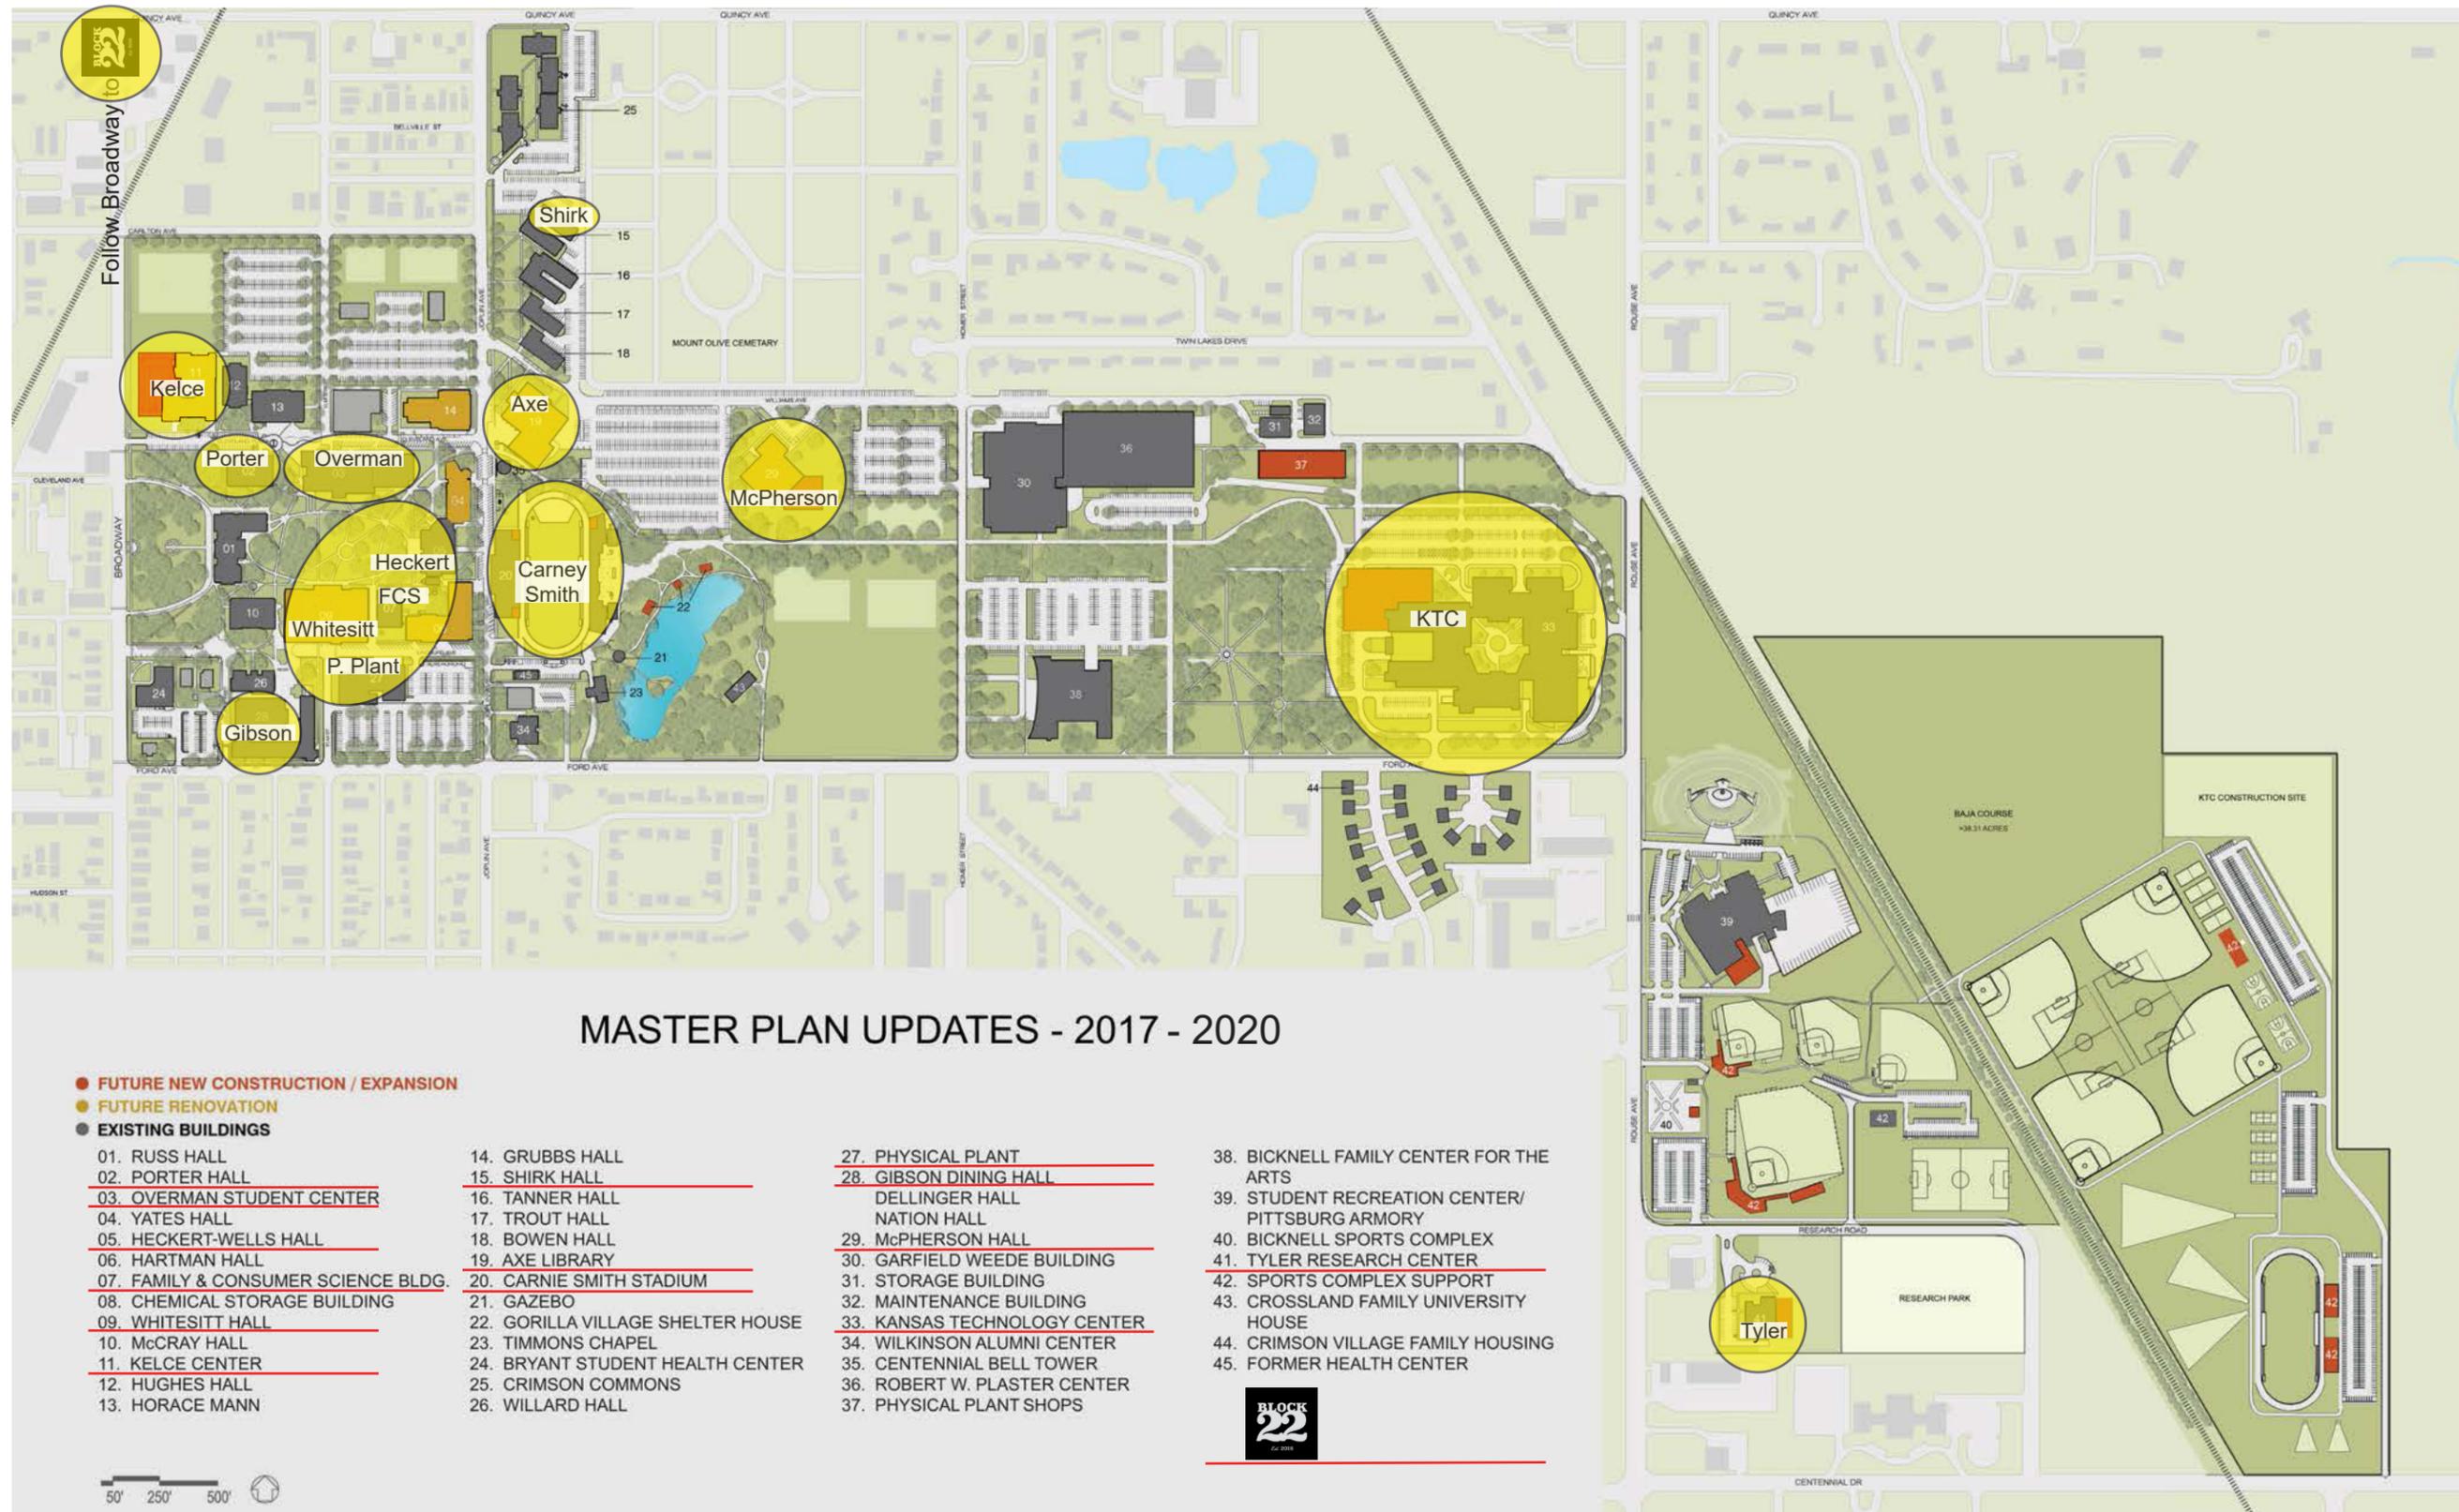

Before	After	
		<b>Central Hot Water System Replacement</b> R&R Funding  <i>Replaced failed steam bundle, tank, and lines serving key core campus buildings</i>
		<b>Gibson Dining Hall Sewer Replacement</b> Operations Funding  <i>Pursuing options to resolve a failed 1965 sewer line serving kitchen and restrooms</i>
		<b>KTC Flooring Replacement</b> R&R Funding  <i>Removed 1st floor VCT to polish existing concrete; covered 2nd floor VCT in carpet tile</i>
		<b>KTC HVAC Improvements</b> R&R Funding  <i>Repaired pumps, cooling tower; replacing half of the original VAV boxes and controls</i>
		<b>Overman Student Center Roof Recover</b> Operations Funding  <i>Overlaid existing roof assembly with new TPO membrane</i>
		<b>Porter Hall Masonry Repairs</b> R&R Funding  <i>Replaced failing mortar, roof flashing, and window sealants</i>

## Current

Begin	Progress	
		<b>Axe Library Phase V Renovations</b> R&R Funding  <i>Renovated and added ADA restrooms on three levels, created testing and study rooms</i>
		<b>Block 22 Idea Shop Creation</b> Private Funding  <i>Expanded Foundry's maker space to feature both Digital Studio and Processing Center</i>
		<b>Carnie Smith Stadium Turf Replacement</b> Private Funding  <i>Installed new turf covered by donor maintenance agreement</i>
		<b>KTC Plastics Lab Remodel</b> Grant Funding  <i>Upgraded an existing lab to serve both current research and student recruitment</i>
		<b>Kelce College of Business Renovation and Expansion</b> Private & R&R Funding  <i>Reimagining existing facility to meet future teaching pedagogies, outreach, and partnerships</i>
		<b>McPherson Hall Simulation Hospital</b> Private Funding  <i>Programming an expansion and targeted renovation to feature additional health simulation spaces</i>

## Future

Existing	Planned	
		<b>KTC Expansion</b> Funding TBD  <i>Accommodate program growth, School of Transportation, and School of Construction</i>
		<b>Tyler Research Center Expansion</b> Funding TBD  <i>Accommodate continued growth of Kansas Polymer Research Center</i>
		<b>Shirk Annex Shutter Facility</b> Funding TBD  <i>Relocate occupants and shutter facility to reduce maintenance and utility costs</i>
		<b>Steam Tunnels Repair/Replacements</b> Funding TBD  <i>Develop strategy to address failing steam lines and century old utility tunnels</i>

MASTER PLAN UPDATES - 2017 - 2020

- FUTURE NEW CONSTRUCTION / EXPANSION
- FUTURE RENOVATION
- EXISTING BUILDINGS

- |                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                           |
