

January 21, 2020

The Honorable John Barker, Chairperson
House Committee on Federal and State Affairs
Statehouse, Room 285-N
Topeka, Kansas 66612

Dear Representative Barker:

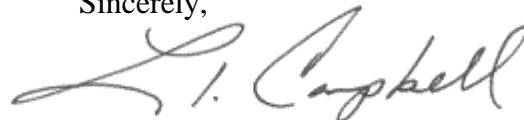

SUBJECT: Fiscal Note for HB 2422 by Representative Williams

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2422 is respectfully submitted to your committee.

Enactment of HB 2422 would establish central daylight saving time as the permanent standard time for the state of Kansas beginning on the first Sunday of November after the effective date of the bill. The bill would require the Secretary of State to monitor and publish a notification of the enactment of any federal law that establishes year-round observation of central daylight saving time.

The Secretary of State indicates that publication of a notification of enactment of a federal law establishing year-round central daylight saving time is expected to cost approximately \$100, and the cost could be managed within existing resources. The Kansas Highway Patrol reports that it could experience minor adjustments to its budget only when the time change takes effect. The Kansas Department of Health and Environment and the Kansas Department of Commerce expect no fiscal effect from enactment of the bill. Any fiscal effect associated with HB 2422 is not reflected in *The FY 2021 Governor's Budget Report*.

Sincerely,

Larry L. Campbell
Division of the Budget

cc: Sherry Macke, Highway Patrol
Sherry Rentfro, Commerce
Sandy Tompkins, Office of the Secretary of State
Dan Thimmesch, Health & Environment
