Dear Representative Patton:

**SUBJECT:** Fiscal Note for HB 2587 by House Committee on Judiciary

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2587 is respectfully submitted to your committee.

HB 2587 would amend the Kansas Adoption and Relinquishment Act by adding to existing options for venue in adoption cases. The bill would permit the option of an additional county venue in which a petition for adoption could be filed where the state or department of the state is the agency, where the department or any subcontracting agency has an office.

HB 2587 would not have a fiscal effect on the Judicial Branch or the Department for Children and Families.

Sincerely,

Larry L. Campbell  
Director of the Budget
