

2020 Kansas Statutes

72-1173. Educational services for pupils at Flint Hills job corps center or psychiatric residential treatment facilities; grants of state moneys. (a) In each school year, to the extent that appropriations are available, each school district which has provided educational services for pupils residing at the Flint Hills job corps center, for pupils housed at a psychiatric residential treatment facility or for pupils confined in a juvenile detention facility is eligible to receive a grant of state moneys in an amount to be determined by the state board of education.

(b) In order to be eligible for a grant of state moneys provided for by this section, each school district which has provided educational services for pupils residing at the Flint Hills job corps center, for pupils housed at a psychiatric residential treatment facility or for pupils confined in a juvenile detention facility shall submit to the state board of education an application for a grant and shall certify the amount expended, and not reimbursed or otherwise financed, in the school year for the services provided. The application and certification shall be prepared in such form and manner as the state board shall require and shall be submitted at a time to be determined and specified by the state board. Approval by the state board of applications for grants of state moneys is prerequisite to the award of grants.

(c) Each school district which is awarded a grant under this section shall make such periodic and special reports of statistical and financial information to the state board as it may request.

(d) All moneys received by a school district under authority of this section shall be deposited in the general fund of the school district and shall be considered reimbursement of the district for the purpose of the Kansas school equity and enhancement act, K.S.A. 72-5131 et seq., and amendments thereto.

(e) The state board of education shall approve applications of school districts for grants, determine the amount of grants and be responsible for payment of grants to school districts. In determining the amount of a grant which a school district is eligible to receive, the state board shall compute the amount of state financial aid the district would have received on the basis of enrollment of pupils residing at the Flint Hills job corps center, housed at a psychiatric residential treatment facility or confined in a juvenile detention facility if such pupils had been counted as two pupils under the school district finance and quality performance act and compare such computed amount to the amount certified by the district under subsection (b). The amount of the grant the district is eligible to receive shall be an amount equal to the lesser of the amount computed under this subsection or the amount certified under subsection (b). If the amount of appropriations for the payment of grants under this section is insufficient to pay in full the amount each school district is determined to be eligible to receive for the school year, the state board shall prorate the amount appropriated among all school districts which are eligible to receive grants of state moneys in proportion to the amount each school district is determined to be eligible to receive.

(f) On or before July 1 of each year, the secretary for aging and disability services shall submit to the Kansas department of education a list of facilities which have been certified and licensed as psychiatric residential treatment facilities.

(g) As used in this section:

(1) "Enrollment" means the number of pupils who are: (A) Residing at the Flint Hills job corps center, confined in a juvenile detention facility or residing at a psychiatric residential treatment facility; and (B) for whom a school district is providing educational services on September 20, on November 20, or on April 20 of a school year, whichever is the greatest number of pupils;

(2) "juvenile detention facility" means any public or private facility which is used for the lawful custody of accused or adjudicated juvenile offenders and which shall not be a jail; and

(3) "psychiatric residential treatment facility" means a facility which provides psychiatric services to individuals under the age of 21 and which conforms with the regulations of the centers for medicare/medicaid services, is licensed and certified by the Kansas department for aging and disability services pursuant to subsection (f).
