Re: HB-2141 - Increasing the Kansas standard deduction.

Support: HB-2141

Written Testimony

Dear Chairman of the Taxation Committee Rep. Adam Smith and Members of the Tax Committee:

We (Ronald and Navella) support HB-2141. The standard deduction has been the same for a long time and we have had inflation. This will help our adult kids and our adult grandchildren. It will help other Kansas people too.

Thank You,
