Written-Only testimony in Opposition

My name is Nikki McDonald and I am testifying as a private citizen.

I am writing in opposition of this bill because it is overly restrictive & will disenfranchise voters who are forced to rely on the postal service. Many disabled and impoverished individuals fall into this category. Everyone knows that the US Postal Service is not quick & recent actions by the federal government have undermined the US Postal Service's efficiency and speed even more. By not allowing ballots that were postmarked on or before Election Day to be counted solely because the US Postal Service is slow is unconscionable. Voters should not be penalized because of the inefficiency of the government's method of delivery.
