

written testimony only

January 30, 2022

Chairman Hilderbrand and Committee members:

As a blind voting Kansan, I request your support for Senate Bill 276, and its passage out of committee.

Although I am not a parent, I understand the great need for this legislation to protect the rights of blind parents.

I have had the past privilege of teaching children from ages three to twelve.

Thank you for your support in this legislation.

Sincerely,

Sharon Luka

Salina, Kansas

Saline County

District 24.
