

February 17, 2021

The Honorable Shannon Francis, Chairperson
House Committee on Transportation and Public Safety Budget
Statehouse, Room 274B-W
Topeka, Kansas 66612

Dear Representative Francis:

SUBJECT: Fiscal Note for HB 2270 by House Committee on Transportation and Public Safety Budget

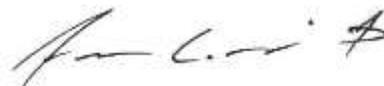

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2270 is respectfully submitted to your committee.

HB 2270 would require \$100,000 from the levy on gross cash receipts on all fire insurance premiums in Kansas to be deposited into the State General Fund before the remainder is distributed to the Office of the State Fire Marshal, the Board of Emergency Medical Services, and the Kansas Fire and Rescue Training Institute of the University of Kansas.

The Office of the State Fire Marshal notes that the bill would codify a budget proviso that has been included in the annual appropriations bill for the past several years. Enactment of the bill would no longer make it necessary to include such a proviso in the annual appropriations bill and would have no fiscal effect on the agency.

The Kansas Fire and Rescue Training Institute indicates that enactment of the bill would support its continued operations and work in local communities but would have no fiscal effect. The Insurance Department and the Board of Emergency Medical Services indicate enactment of the bill would have no fiscal effect on the agencies. Any fiscal effect associated with HB 2270 is not reflected in *The FY 2022 Governor's Budget Report*.

Sincerely,

Adam Proffitt
Director of the Budget
