In any case in which an order for child support has been established and the legal custodian and obligee under the order surrenders physical custody of the child to a caretaker relative without obtaining a modification of legal custody and support rights on behalf of the child are assigned pursuant to this section, the surrender of physical custody and the assignment shall transfer, by operation of law, the child's support rights under the order to the secretary on behalf of the state. Such assignment shall be of all accrued, present or future rights to support of the child surrendered to the caretaker relative. The assignment of support rights shall automatically become effective upon the date of approval for or receipt of such aid without the requirement that any document be signed by the applicant, recipient or obligee. By applying for or receiving temporary assistance for needy families, or by surrendering physical custody of a child to a caretaker relative who is an applicant or recipient of such assistance on the child's behalf, the applicant, recipient or obligee is also deemed to have appointed the secretary, or the secretary's designee, as an attorney-in-fact to perform the specific act of negotiating and endorsing all drafts, checks, money orders or other negotiable instruments representing support payments received by the secretary in behalf of any person applying for, receiving or having received such assistance. This limited power of attorney shall be effective from the date the secretary approves the application for aid and shall remain in effect until the assignment of support rights has been terminated in full.

(e) *Requirements for medical assistance for which federal moneys or state moneys or both are expended.* (1) When the secretary has adopted a medical care plan under which federal moneys or state moneys or both are expended, medical assistance in accordance with such plan shall be granted to any person who is a citizen of the United States or who is an alien lawfully admitted to the United States and who is residing in the state of Kansas, whose resources and income do not exceed the levels prescribed by the secretary. In determining the need of an individual, the secretary may provide for income and resource exemptions and protected income and resource levels. Resources from inheritance shall be counted. A disclaimer of an inheritance pursuant to K.S.A. 59-2291, and amendments thereto, shall constitute a transfer of resources. The secretary shall exempt principal and interest held in irrevocable trust pursuant to K.S.A. 16-303(c), and amendments thereto, from the eligibility requirements of applicants for and recipients of medical assistance. Such assistance shall be known as medical assistance.

(2) For the purposes of medical assistance eligibility determinations on or after July 1, 2004, if an applicant or recipient owns property in joint tenancy with some other party and the applicant or recipient of medical assistance has restricted or conditioned their interest in such property to a specific and discrete property interest less than 100%,

then such designation will cause the full value of the property to be considered an available resource to the applicant or recipient. Medical assistance eligibility for receipt of benefits under the title XIX of the social security act, commonly known as medicaid, shall not be expanded, as provided for in the patient protection and affordable care act, public law 111-148, 124 stat. 119, and the health care and education reconciliation act of 2010, public law 111-152, 124 stat. 1029, unless the legislature expressly consents to, and approves of, the expansion of medicaid services by an act of the legislature.

(B) If a trust has discretionary language, the trust shall be considered to be an available resource to the extent, using the full extent of discretion, the trustee may make any of the income or principal available to the applicant or recipient of medical assistance. Any such discretionary trust shall be considered an available resource unless:

(i) At the time of creation or amendment of the trust, the trust states a clear intent that the trust is supplemental to public assistance; and

(ii) the trust is funded:

(a) From resources of a person who, at the time of such funding, owed no duty of support to the applicant or recipient of medical assistance; or

(b) not more than nominally from resources of a person while that person owed a duty of support to the applicant or recipient of medical assistance.

(C) For the purposes of this paragraph, "public assistance" includes, but is not limited to, medicaid, medical assistance or title XIX of the social security act.

(4) (A) When an applicant or recipient of medical assistance is a party to a contract, agreement or accord for personal services being provided by a nonlicensed individual or provider and such contract, agreement or accord involves health and welfare monitoring, pharmacy assistance, case management, communication with medical, health or other professionals, or other activities related to home health care, long term care, medical assistance benefits, or other related issues, any moneys paid under such contract, agreement or accord shall be considered to be an available resource unless the following restrictions are met:

(i) The contract, agreement or accord must be in writing and executed prior to any services being provided;

(ii) the moneys paid are in direct relationship with the fair market value of such services being provided by similarly situated and trained nonlicensed individuals;

(iii) if no similarly situated nonlicensed individuals or situations can be found, the value of services will be based on federal hourly minimum wage standards;

(iv) such individual providing the services shall report all receipts of moneys as income to the appropriate state and federal governmental revenue agencies;

(v) any amounts due under such contract, agreement or accord shall be paid after the services are rendered;

(vi) the applicant or recipient shall have the power to revoke the contract, agreement or accord; and

(vii) upon the death of the applicant or recipient, the contract, agreement or accord ceases.

(B) When an applicant or recipient of medical assistance is a party to a written contract for personal services being provided by a licensed health professional or facility and such contract involves health and welfare monitoring, pharmacy assistance, case management, communication with medical, health or other professionals, or other activities related to home health care, long term care, medical assistance benefits or other related issues, any moneys paid in advance of receipt of services for such contracts shall be considered to be an available resource.

(5) Any trust may be amended if such amendment is permitted by the Kansas uniform trust code.

(f) *Eligibility for medical assistance of resident receiving medical care outside state.* A person who is receiving medical care including long-term care outside of Kansas whose health would be endangered by the postponement of medical care until return to the state or by travel to return to Kansas, may be determined eligible for medical assistance if such individual is a resident of Kansas and all other eligibility factors are met. Persons who are receiving medical care on an ongoing basis in a long-term medical care facility in a state other than Kansas and who do not return to a care facility in Kansas when they are able to do so, shall no longer be eligible to receive assistance in Kansas unless such medical care is not available in a comparable facility or program providing such medical care in Kansas. For persons who are minors or who are under guardianship, the actions of the parent or guardian shall be deemed to be the actions of the child or ward in determining whether or not the person is remaining outside the state voluntarily.

(g) *Medical assistance; assignment of rights to medical support and limited power of attorney; recovery from estates of deceased recipients.* (1) (A) Except as otherwise provided in K.S.A. 39-786 and 39-787, and amendments thereto, or as otherwise authorized on and after September 30, 1989, under section 303 of the federal medicare catastrophic coverage act of 1988, whichever is applicable, by applying for or receiving medical assistance under a medical care plan in which federal funds are expended, any accrued, present or future rights to support and any rights to payment for medical care from a third party of an applicant or recipient and any other family member for whom the applicant is applying shall be deemed to have been assigned to the secretary on behalf of the state. The assignment shall automatically become effective upon the date of approval for such assistance without the requirement that any document be signed by the applicant or recipient. By applying for or receiving medical assistance the applicant or recipient is also deemed to have appointed the secretary, or the secretary's designee, as an attorney-in-fact to perform the specific act of negotiating and endorsing all drafts, checks, money orders or other negotiable instruments, representing payments received by the secretary in on behalf of any person applying for, receiving or having received such assistance. This limited power of attorney shall be effective from the date the secretary approves the application for assistance and shall remain in effect until the assignment has been terminated in full. The assignment of any rights to payment for medical care from a third party under this subsection shall not prohibit a health care provider from directly billing an insurance carrier for services rendered if the provider has not submitted a claim covering such services to the secretary for payment. Support amounts collected on behalf of persons whose rights to support are assigned to the secretary only under this subsection and no other shall be distributed pursuant to K.S.A. 39-756(d), and amendments thereto, except that any amounts designated as medical

support shall be retained by the secretary for repayment of the unreimbursed portion of assistance. Amounts collected pursuant to the assignment of rights to payment for medical care from a third party shall also be retained by the secretary for repayment of the unreimbursed portion of assistance.

(B) Notwithstanding the provisions of subparagraph (A), the secretary of health and environment, or the secretary's designee, is hereby authorized to and shall exercise any of the powers specified in subparagraph (A) in relation to performance of such secretary's duties pertaining to medical subrogation, estate recovery or any other duties assigned to such secretary in article 74 of chapter 75 of the Kansas Statutes Annotated, and amendments thereto.

(2) The amount of any medical assistance paid after June 30, 1992, under the provisions of subsection (e) is a claim against the property or any interest therein belonging to and a part of the estate of any deceased recipient or, if there is no estate, the estate of the surviving spouse, if any, shall be charged for such medical assistance paid to either or both and a claim against any funds of such recipient or spouse in any account under K.S.A. 9-1215, 17-2263 or 17-2264, and amendments thereto. There shall be no recovery of medical assistance correctly paid to or on behalf of an individual under subsection (e) except after the death of the surviving spouse of the individual, if any, and only at a time when the individual has no surviving child who is under 21 years of age or is blind or permanently and totally disabled. Transfers of real or personal property by recipients of medical assistance without adequate consideration are voidable and may be set aside. Except where there is a surviving spouse, or a surviving child who is under 21 years of age or is blind or permanently and totally disabled, the amount of any medical assistance paid under subsection (e) is a claim against the estate in any guardianship or conservatorship proceeding. The monetary value of any benefits received by the recipient of such medical assistance under long-term care insurance, as defined by K.S.A. 40-2227, and amendments thereto, shall be a credit against the amount of the claim provided for such medical assistance under this subsection. The secretary of health and environment is authorized to enforce each claim provided for under this subsection. The secretary of health and environment shall not be required to pursue every claim, but is granted discretion to determine which claims to pursue. All moneys received by the secretary of health and environment from claims under this subsection shall be deposited in the social welfare fund. The secretary of health and environment may adopt rules and regulations for the implementation and administration of the medical assistance recovery program under this subsection.

(3) By applying for or receiving medical assistance under the provisions of article 7 of chapter 39 of the Kansas Statutes Annotated, and amendments thereto, such individual or such individual's agent, fiduciary, guardian, conservator, representative payee or other person acting on behalf of the individual consents to the following definitions of estate and the results therefrom:

(A) If an individual receives any medical assistance before July 1, 2004, pursuant to article 7 of chapter 39 of the Kansas Statutes Annotated, and amendments thereto, which forms the basis for a claim under paragraph (2), such claim is limited to the individual's probatable estate as defined by applicable law; and

(B) if an individual receives any medical assistance on or after July 1, 2004, pursuant to article 7 of chapter 39 of the Kansas Statutes Annotated, and amendments thereto, which forms the basis for a claim under paragraph (2), such claim shall apply to

the individual's medical assistance estate. The medical assistance estate is defined as including all real and personal property and other assets in which the deceased individual had any legal title or interest immediately before or at the time of death to the extent of that interest or title. The medical assistance estate includes without limitation, assets conveyed to a survivor, heir or assign of the deceased recipient through joint tenancy, tenancy in common, survivorship, transfer-on-death deed, payable-on-death contract, life estate, trust, annuities or similar arrangement.

(4) The secretary of health and environment or the secretary's designee is authorized to file and enforce a lien against the real property of a recipient of medical assistance in certain situations, subject to all prior liens of record and transfers for value to a bona fide purchaser of record. The lien must be filed in the office of the register of deeds of the county where the real property is located within one year from the date of death of the recipient and must contain the legal description of all real property in the county subject to the lien.

(A) After the death of a recipient of medical assistance, the secretary of health and environment or the secretary's designee may place a lien on any interest in real property owned by such recipient.

(B) The secretary of health and environment or the secretary's designee may place a lien on any interest in real property owned by a recipient of medical assistance during the lifetime of such recipient. Such lien may be filed only after notice and an opportunity for a hearing has been given. Such lien may be enforced only upon competent medical testimony that the recipient cannot reasonably be expected to be discharged and returned home. A six-month period of compensated inpatient care at a nursing home or other medical institution shall constitute a determination by the department of health and environment that the recipient cannot reasonably be expected to be discharged and returned home. To return home means the recipient leaves the nursing or medical facility and resides in the home on which the lien has been placed for a continuous period of at least 90 days without being readmitted as an inpatient to a nursing or medical facility. The amount of the lien shall be for the amount of assistance paid by the department of health and environment until the time of the filing of the lien and for any amount paid thereafter for such medical assistance to the recipient. After the lien is filed against any real property owned by the recipient, such lien will be dissolved if the recipient is discharged, returns home and resides upon the real property to which the lien is attached for a continuous period of at least 90 days without being readmitted as an inpatient to a nursing or medical facility. If the recipient is readmitted as an inpatient to a nursing or medical facility for a continuous period of less than 90 days, another continuous period of at least 90 days shall be completed prior to dissolution of the lien.

(5) The lien filed by the secretary of health and environment or the secretary's designee for medical assistance correctly received may be enforced before or after the death of the recipient by the filing of an action to foreclose such lien in the Kansas district court or through an estate probate court action in the county where the real property of the recipient is located. However, it may be enforced only:

- (A) After the death of the surviving spouse of the recipient;
- (B) when there is no child of the recipient, natural or adopted, who is 20 years of age or less residing in the home;
- (C) when there is no adult child of the recipient, natural or adopted, who is blind or

disabled residing in the home; or

(D) when no brother or sister of the recipient is lawfully residing in the home, who has resided there for at least one year immediately before the date of the recipient's admission to the nursing or medical facility, and has resided there on a continuous basis since that time.

(6) The lien remains on the property even after a transfer of the title by conveyance, sale, succession, inheritance or will unless one of the following events occur:

(A) The lien is satisfied. The recipient, the heirs, personal representative or assigns of the recipient may discharge such lien at any time by paying the amount of the lien to the secretary of health and environment or the secretary's designee;

(B) the lien is terminated by foreclosure of prior lien of record or settlement action taken in lieu of foreclosure; or

(C) the value of the real property is consumed by the lien, at which time the secretary of health and environment or the secretary's designee may force the sale for the real property to satisfy the lien.

(7) If the secretary for aging and disability services or the secretary of health and environment, or both, or such secretary's designee has not filed an action to foreclose the lien in the Kansas district court in the county where the real property is located within 10 years from the date of the filing of the lien, then the lien shall become dormant, and shall cease to operate as a lien on the real estate of the recipient. Such dormant lien may be revived in the same manner as a dormant judgment lien is revived under K.S.A. 60-2403 et seq., and amendments thereto.

(8) Within seven days of receipt of notice by the secretary for children and families or the secretary's designee of the death of a recipient of medical assistance under this subsection, the secretary for children and families or the secretary's designee shall give notice of such recipient's death to the secretary of health and environment or the secretary's designee.

(9) All rules and regulations adopted on and after July 1, 2013, and prior to July 1, 2014, to implement this subsection shall continue to be effective and shall be deemed to be duly adopted rules and regulations of the secretary of health and environment until revised, amended, revoked or nullified pursuant to law.

The tax credit shall be applied against the production company's income tax liability for the taxable year in which the qualified expenditures are made by the production company. If the amount of the tax credit allowed exceeds the production company's income tax liability for the taxable year, the production company may carry over the amount of the tax credit that exceeds such tax liability for deduction from the production company's income tax liability in the next succeeding taxable year or years until the total amount of the tax credit has been deducted from the production company's tax liability, except that no such tax credit shall be carried over for deduction after the 10th taxable year succeeding the year in which the qualified expenditures were made by the production company. If the production company is a corporation having an election in effect under subchapter S of the federal internal revenue code, a partnership or a limited liability company, the credit shall be claimed by the shareholders of such corporation, the partners of such partnership or members of such limited liability company in the same manner as such

shareholders, partners or members account for their proportionate shares of the income or loss of the corporation, partnership or limited liability company and in accordance with the agreement executed pursuant to section 3, and amendments thereto.

(b) A claim for a tax credit shall be filed with the secretary of revenue as part of a return filed by the production company pursuant to the Kansas income tax act. The order that agreements are executed with the secretary of commerce pursuant to section 3, and amendments thereto, shall determine the order that credit claims are allocated by the secretary of revenue. A claim shall be submitted with a return or amended return within one calendar year of the date of the last eligible production expenditure or the last eligible postproduction expenditure for the certified production that would be eligible for an income tax credit as provided by subsection (a). A request by a production company for an extension of time of up to six months to submit a claim shall be granted by the secretary of revenue. All qualified production expenditures or postproduction expenditures incurred during the taxable year by a production company for a certified production shall be submitted for credit as part of the same income tax return. A tax credit claim for qualified expenditures during a taxable year shall not be divided and submitted with multiple returns or in multiple years.

(c) The claim shall include a copy of the project certification and the determination of qualified production or postproduction expenditures by the secretary of commerce. The claim shall also include a report by a certified public accountant licensed to practice in Kansas, prepared at the expense of the applicant, verifying that the expenditures have been made in compliance with the requirements of this act.

(d) The amount of the tax credit shall be equal to 30% of:

(2) in addition to the amount authorized under subsection (d)(1) or (2), up to an additional 5%, as determined by the secretary, of the amount of the qualified production expenditures or qualified postproduction expenditures, as applicable, of a certified project of a production company that has previously received an income tax credit under this act with respect to such certified project.

(f) In addition to or in lieu of the credits authorized by subsection (d), as determined by the secretary, a Kansas-based production company that incurs at least \$25,000 in qualified expenditures, including, but not limited to, expenditures for a certified production not intended for multimarket distribution but that otherwise constitute qualified expenditures and meets all other qualifications for a tax credit under

this act shall receive a tax credit in the amount of 25% of such qualified expenditures. The tax credit shall be applied against the Kansas-based production company's income tax liability for the taxable year in which the qualified expenditures are made by the Kansas-based production company. If the amount of the tax credit exceeds the Kansas-based production company's income tax liability, the Kansas-based production company may carry over the amount of the tax credit that exceeds such tax liability for deduction from the Kansas-based production company's income tax liability in the next succeeding taxable year or years until the total amount of the tax credit has been deducted from the Kansas-based production company's tax liability, except that no such tax credit shall be carried over for deduction after the 10th taxable year succeeding the year in which the qualified expenditures were made by the Kansas-based production company. If the Kansas-based production company is a corporation having an election in effect under subchapter S of the federal internal revenue code, a partnership or a limited liability company, the credit shall be claimed by the shareholders of such corporation, the partners of such partnership or members of such limited liability company in the same manner as such shareholders, partners or members account for their proportionate shares of the income or loss of the corporation, partnership or limited liability company and in accordance with the agreement executed pursuant to section 3, and amendments thereto.

(g) Notwithstanding any other provision of this act, the tax credit amount based on a production or postproduction expenditure for a single individual who meets the definition of individuals who are above-the-line, nonresident personnel shall be limited to not more than \$500,000 in each taxable year.

(h) The maximum cumulative amount of all income tax credits awarded to a production company for a certified project for a taxable year shall not exceed 40% of the total qualified production expenditures or qualified postproduction expenditures made by the production company for that certified project during that taxable year.

(i) For purposes of determining the amount of credit claims pursuant to this section, the secretary of revenue may require that credit claims of affiliates be combined into one claim if necessary to accurately reflect closely integrated activities of affiliates.

(j) If a production company hires another production company to produce a project or contribute elements of a project for pay, the hired company shall be considered a service provider for the hiring company, and the hiring company shall be entitled to the income tax credit authorized by this section.

(k) The aggregate total amount of credits allowed under this section shall not exceed \$10,000,000 in a tax year. Ten percent of such aggregate total in each tax year shall be designated for tax credits to Kansas-based production companies.

Sec. 8. (a) There is hereby created in the state treasury the engineering graduate incentive fund. The secretary of commerce shall administer the fund. All expenditures from the fund shall be for the purpose of promoting the development of accredited postsecondary engineering programs in Kansas by providing grants that shall be matched on a \$1-for-\$1 basis with funds from nonstate sources to qualified eligible institutions of higher education for:

If the secretary determines the institution is a qualified eligible institution of higher education, finds the institution has sufficient nonstate funding to match the grant requested on a \$1-for-\$1 basis and approves the application, the qualified eligible institution of higher education shall receive a matching grant. If sufficient moneys are available in the engineering graduate incentive fund to fully fund all approved applications, the amount of the matching grant shall be at least \$20,000 for each graduate of an engineering program of the institution during the immediately preceding academic year, as determined by the secretary, in excess of the threshold requirement for qualification as a qualified eligible institution of higher education pursuant to section 1, and amendments thereto. If sufficient moneys are not available in the engineering graduate incentive fund to fully fund all approved applications in an amount of at least \$20,000 for each such graduate, the secretary shall award grants in a prorated amount so that all approved applicant qualified eligible educational institutions receive the same amount of grant money for a graduate in excess of such respective threshold. The secretary shall consult with and coordinate with eligible institutions of higher education, qualified eligible institutions of higher education, the state board of regents, or private industry in planning and developing uses for matching grant funding to achieve the purpose of this act.

(2) On July 1, 2024, and on each July 1 thereafter, the secretary shall certify to the director of accounts and reports the amount of moneys expended for grants from the engineering graduate fund in the prior fiscal year. Upon receipt of such certification, or as soon thereafter as moneys are available, the director of accounts and reports shall transfer from the state general fund to the engineering graduate fund an amount equal to twice the amount certified by the secretary of commerce, except that if such transfer would result in an unencumbered balance in the engineering graduate fund of greater than \$5,000,000, the director of accounts and reports shall transfer the amount of moneys that shall result in an unencumbered balance of \$5,000,000 in the engineering graduate fund on such date.

(2) a parent does not renew the qualified student's written agreement;

(3) the student enrolls in a school district on a full-time basis;

(4) the student is no longer a qualified student under the program; or

(5) moneys have been used for purposes other than those allowed under the program.

(j) When the treasurer determines that a written agreement is no longer active, the treasurer shall terminate the grant and transfer any remaining balance of such grant moneys to the state general fund.

(k) Any unencumbered grant moneys that have not been expended on behalf of a qualified student at the end of a school year shall roll over to the next succeeding school year if the student and parent of the student renew a written agreement to continue to receive a grant and participate in the program pursuant to this section.

(l) The treasurer shall not allow any personal deposits to be made to a grant account on behalf of a qualified student.

(m) The treasurer may refer cases of fraudulent or substantial misuse of moneys to the attorney general for purposes of collection or criminal investigation.

New Sec. 9. (a) (1) There is hereby established in the state treasury the Kansas education enrichment program fund to be administered by the treasurer. Moneys in the Kansas education enrichment program fund shall be expended only for the purposes established in the Kansas education enrichment program act. All moneys received pursuant to subsection (b) shall be deposited in the state treasury in accordance with the provisions of K.S.A. 75-4215, and amendments thereto, and shall be credited to the Kansas education enrichment program fund.

(2) On or before the 10th day of each month, the director of accounts and reports shall transfer from the state general fund to the Kansas education enrichment program fund interest earnings based on:

(1) The average daily balance of moneys in the Kansas education enrichment program fund; and

(b) Notwithstanding the provisions of the Kansas education enrichment program established pursuant to state finance council resolution No. 22-741, of the \$50,000,000 state fiscal recovery funds of the American rescue plan act of 2021, public law 117-2, allocated by the state finance council for the purposes of the Kansas education enrichment program, or any other federal funds identified and approved for such purposes, the state treasurer shall make expenditures of such federal funds to administer the Kansas education enrichment program to provide awards pursuant to section 7, and amendments thereto, and grants pursuant to section 8, and amendments thereto, to qualified students.

(c) On or before the first day of each month, the treasurer shall determine whether the total amount of the federal fiscal recovery funds of the American rescue plan act of 2021, public law 117-2, and any other federal funds identified and made available for the purposes of the program are insufficient to continue to provide the awards and grants on behalf of qualified students pursuant to the program. If the treasurer determines that the amount of such federal funds is insufficient for such purposes, the treasurer shall certify such fact to the director of the budget. On and after such certification, the treasurer shall determine annually the total amount to be transferred to the Kansas education enrichment program fund by multiplying an amount equal to the BASE aid by the total number of qualified students participating in the program pursuant to section 8, and amendments thereto, and by multiplying \$1,000 by the number of qualified students who will receive an award under the program for the succeeding school year pursuant to section 7, and amendments thereto. The treasurer shall certify the resulting total amount to the director of accounts and reports on or before August 1 of each year. Upon receipt of such certification, the director of accounts and reports shall transfer such certified amount from the state general fund to the Kansas education enrichment program fund. Transfers made in accordance with this section shall be considered demand transfers from the state general fund.

(d) (1) Except as provided in paragraph (2), if a qualified student has entered into a written agreement pursuant to section 8, and amendments thereto, the treasurer shall allocate to a qualified student a grant equal to 95% of the BASE aid.

(2) If a qualified student enrolls in a school district on a part-time basis, such qualified student or such student's parent shall notify the treasurer, who shall prorate the grant amount allocated pursuant to paragraph (1).

(3) The treasurer may deduct 5% of the BASE aid per qualified student participating in the program as reimbursement for the costs of administering the program.

(e) If a qualified student has been approved to receive an award pursuant to section 7, and amendments thereto, the treasurer shall allocate \$1,000 per qualified student to pay for educational goods and services from a qualified education service provider as provided in section 7, and amendments thereto, in accordance with the provisions of the program for the school year that such student was approved to receive the award.

(f) During each regular legislative session, the treasurer shall provide to the legislature an estimate of the amount required to fund the awards and grants for the next succeeding fiscal year.

New Sec. 10. (a) Nothing in the Kansas education enrichment program act shall be construed to permit any governmental agency to exercise control or supervision over any nonpublic school or home school. Any nonpublic school, home school or tutor that accepts a payment from a parent of a qualified student participating in the program is not an agent of this state.

(b) The content or religious nature of a product or service may not be considered when determining whether payment for such product or service is an allowable expenditure.

(c) If the parent of a qualified student who is schooled at home makes application to enroll in the Kansas educational enrichment program, such application does not constitute registration pursuant to K.S.A. 72-4346, and amendments thereto. Nothing in the Kansas education enrichment program act shall be construed to require a parent to register with the state department of education pursuant to K.S.A. 72-4346, and amendments thereto.

"Sec. 5. K.S.A. 2022 Supp. 79-32,117, as amended by section 5 of 2023 House Bill

No. 2197, is hereby amended to read as follows: 79-32,117. (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in federal adjusted gross income, on obligations of any state or political subdivision thereof, but to the extent that interest income on obligations of this state or a political subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

(ii) Taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state or any other taxing jurisdiction to the extent deductible in determining federal adjusted gross income and not credited against federal income tax. This paragraph shall not apply to taxes imposed under the provisions of K.S.A. 79-1107 or 79-1108, and amendments thereto, for privilege tax year 1995, and all such years thereafter.

(iii) The federal net operating loss deduction, except that the federal net operating loss deduction shall not be added to an individual's federal adjusted gross income for tax years beginning after December 31, 2016.

(iv) Federal income tax refunds received by the taxpayer if the deduction of the taxes being refunded resulted in a tax benefit for Kansas income tax purposes during a prior taxable year. Such refunds shall be included in income in the year actually received regardless of the method of accounting used by the taxpayer. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.

(vi) Any amount of designated employee contributions picked up by an employer pursuant to K.S.A. 12-5005, 20-2603, 74-4919 and 74-4965, and amendments thereto.

(vii) The amount of any charitable contribution made to the extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 79-32,196, and amendments thereto.

claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,204, and amendments thereto.

(ix) The amount of any ad valorem taxes and assessments paid and the amount of any costs incurred for habitat management or construction and maintenance of improvements on real property, claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,203, and amendments thereto.

(x) Amounts received as nonqualified withdrawals, as defined by K.S.A. 75-643, and amendments thereto, if, at the time of contribution to a family postsecondary education savings account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xv) or if such amounts are not already included in the federal adjusted gross income.

(xi) The amount of any contribution made to the same extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 74-50,154, and amendments thereto.

(xii) For taxable years commencing after December 31, 2004, amounts received as withdrawals not in accordance with the provisions of K.S.A. 74-50,204, and amendments thereto, if, at the time of contribution to an individual development account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xiii), or if such amounts are not already included in the federal adjusted gross income.

(xiii) The amount of any expenditures claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,217 through 79-32,220 or 79-32,222, and amendments thereto.

(1) $\frac{1}{2}$ of all revenue received by the director of taxation shall be apportioned among the county and each city located in such county in the proportion that the total tangible property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year; and

(2) $\frac{1}{2}$ of all revenue received by the director of taxation from such countywide

retailers' sales tax shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county, except that no persons residing within the Fort Riley military reservation shall be included in the determination of the population of any city located within Riley county.

All revenue apportioned to a county shall be paid to its county treasurer and shall be credited to the general fund of the county.

(b) (1) In lieu of the apportionment formula provided in subsection (a), all revenue received by the director of taxation from a countywide retailers' sales tax imposed within Johnson county at the rate of 0.75%, 1% or 1.25% after July 1, 2007, shall be apportioned among the county and each city located in such county in the following manner:

(A) The revenue received from the first 0.5% rate of tax shall be apportioned in the manner prescribed by subsection (a); and

(B) the revenue received from the rate of tax exceeding 0.5% shall be apportioned as follows:

(i) $\frac{1}{4}$ shall be apportioned among the county and each city located in such county in the proportion that the total tangible property tax levies made in such county in the preceding year for all funds of each such governmental unit bear to the total of all such levies made in the preceding year;

(ii) $\frac{1}{4}$ shall be apportioned among the county and each city located in such county, first to the county that portion of the revenue equal to the proportion that the population of the county residing in the unincorporated area of the county bears to the total population of the county, and second to the cities in the proportion that the population of each city bears to the total population of the county; and

(iii) $\frac{1}{2}$ shall be retained by the county for its sole use and benefit.

(2) In lieu of the apportionment formula provided in subsection (a), all money received by the director of taxation from a countywide sales tax imposed within Montgomery county pursuant to the election held on November 8, 1994, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged. All revenue apportioned and paid from the imposition of such tax to the treasurer of any city prior to the effective date of this act shall be remitted to the county treasurer and expended only for the purpose for which the revenue received from the tax was pledged.

(c) (1) Except as otherwise provided by paragraph (2) of this subsection, for purposes of subsections (a) and (b), the term "total tangible property tax levies" means the aggregate dollar amount of tax revenue derived from ad valorem tax levies applicable to all tangible property located within each such city or county. The ad valorem property tax levy of any county or city district entity or subdivision shall be

included within this term if the levy of any such district entity or subdivision is applicable to all tangible property located within each such city or county.

(2) For the purposes of subsections (a) and (b), any ad valorem property tax levied on property located in a city in Johnson county for the purpose of providing fire protection service in such city shall be included within the term "total tangible property tax levies" for such city regardless of its applicability to all tangible property located within each such city. If the tax is levied by a district which extends across city boundaries, for purposes of this computation, the amount of such levy shall be apportioned among each city in which such district extends in the proportion that such tax levied within each city bears to the total tax levied by the district.

(d) (1) All revenue received from a countywide retailers' sales tax imposed pursuant to K.S.A. 12-187(b)(2), (3)(C), (3)(F), (3)(G), (3)(I), (6), (7), (8), (9), (12), (14), (15), (16), (17), (18), (19), (20), (22), (23), (25), (27), (28), (29), (30), (31), (32), (33) ~~and~~, (34) ~~and~~ (35), and amendments thereto, shall be remitted to and shall be retained by the county and expended only for the purpose for which the revenue received from the tax was pledged.

(e) All revenue apportioned to the several cities of the county shall be paid to the respective treasurers thereof and deposited in the general fund of the city. Whenever the territory of any city is located in two or more counties and any one or more of such counties do not levy a countywide retailers' sales tax, or whenever such counties do not levy countywide retailers' sales taxes at a uniform rate, the revenue received by such city from the proceeds of the countywide retailers' sales tax, as an alternative to depositing the same in the general fund, may be used for the purpose of reducing the tax levies of such city upon the taxable tangible property located within the county levying such countywide retailers' sales tax.

(f) Prior to March 1 of each year, the secretary of revenue shall advise each county treasurer of the revenue collected in such county from the state retailers' sales tax for the preceding calendar year.

(g) Prior to December 31 of each year, the clerk of every county imposing a countywide retailers' sales tax shall provide such information deemed necessary by the secretary of revenue to apportion and remit revenue to the counties and cities pursuant to this section.

When any statement is returned to the county treasurer for failure to find the addressee, the treasurer shall make a diligent effort to find a forwarding address of the taxpayer and mail the statement to the new address. All tax statements mailed pursuant to this section shall be mailed by first-class mail. The requirement for mailing a tax statement shall extend only to the initial statement required to be mailed in each year and to any follow-up required by this section. Sec. 8. K.S.A. 79-2017 is hereby amended to read as follows: 79-2017. In Douglas, Sedgwick, Johnson and Shawnee counties, all taxes on personal property that remain due and unpaid on February 16 or June 1 shall be collected in the following manner:

The county treasurer on or before March 25 shall send a notice by mail to the person, firm, unincorporated association, company or corporation to whom such taxes were assessed, and which remain unpaid on February 16 of any year, to its post office address as shown by the current tax roll. Alternatively, the county treasurer may transmit the notice to the taxpayer by electronic means if such taxpayer consented to service by electronic means.

The county treasurer on or before June 27 shall send a notice by mail to the person, firm, unincorporated association, company or corporation to whom such taxes were assessed, and which remain unpaid on June 1 of any year, to its post office address as shown by the current tax roll. Alternatively, the county treasurer may transmit the notice to the taxpayer by electronic means if such taxpayer consented to service by electronic means.

Failure to receive any such tax notice shall not relieve such person, firm,

unincorporated association, company or corporation defaulting in payment of personal taxes from any interest and costs attached thereto. Such notice shall state the amount of personal tax charged against the party, and notify the party that the tax may be paid by paying the amount of the tax as assessed and interest the amount of which shall be computed in accordance with the provisions of K.S.A. 79-2004a, and amendments thereto, on the delinquent tax.

The county treasurer is hereby authorized to accept payment of delinquent taxes in full without payment of the interest due upon such delinquent taxes if the amount of the interest due is less than \$5 and is further authorized to accept as payment in full, any interest payment in an amount not less than \$5 less than the full amount of the interest due.

Should such taxes, due and unpaid on February 16 remain unpaid for a period of 25 days after the mailing of such notice, or taxes due and unpaid on June 1 remain unpaid for a period of 14 days after the mailing of such notice, the county treasurer shall issue a warrant signed by the treasurer directed to the sheriff of the county, commanding the sheriff to levy the amount of such unpaid taxes and the amount of the interest thereon, together with the sheriff's fees for collecting the taxes, upon any personal property, tangible or intangible, of the person, firm, unincorporated association, company or corporation to whom such taxes were assessed.

To allow the time necessary for preparation of such warrants, the county treasurer shall not receive any payment of delinquent personal property taxes or interest thereon, due and unpaid on February 16, during a period beginning the 26th day after mailing of notices and extending through the last regular business day of April in any year or taxes or interest due and unpaid on June 1, during a period beginning the 15th day after mailing of such notices and extending through the regular business day of July 15 in any year. Such warrant shall be delivered to the sheriff by the county treasurer before the first regular business day in May and the 15th regular business day in July in each year. Upon receipt of such tax warrant, the sheriff shall proceed to collect such taxes the same as upon execution, except that where such taxes were levied and assessed pursuant to K.S.A. 79-329 through 79-334, and amendments thereto, they shall be collected as follows:

The sheriff shall cause notice to be given by registered mail to the purchaser of the oil and gas from such lease of the amount of such delinquent taxes and the name of the person against whom they were assessed and from and after the receipt of such notice such purchaser shall not pay to the person owing the taxes any of the proceeds of the sale of any oil or gas from such lease, but shall pay them to the sheriff until the full amount of such taxes and costs are paid after which the purchaser may resume the payments for such oil or gas to such person, but this exception shall not prevent the levy of an execution and sale of the leasehold interest or the physical personal property on any such lease for the payment of delinquent taxes owed by the owner thereof.

The sheriff, as soon as the sheriff collects the tax warrant, shall make a return thereof and shall make a return of all tax warrants delivered to the sheriff on or before October 1 of the year following the year in which the tax was levied. If the warrant so returned shows that the tax has been collected, the sheriff shall pay the tax to the county treasurer. If such return shows that such tax has not been collected, then the county treasurer shall file with the clerk of the district court of the treasurer's county an abstract of the total amount of unpaid taxes and interest due plus penalties and costs. The clerk

shall enter the total amount of the unpaid taxes in the appearance docket and note the entry in the general index. No fee shall be charged for either such entry. The total amount shall become a judgment in the same manner and to the same extent as any other judgment under the code of civil procedure and shall become a lien on real estate from and after the time of the filing thereof. A transcript of the judgment may be filed with the clerk of the district court in any other county and when the judgment is entered in the manner provided above, the judgment shall become a lien upon real estate located in such county in the same manner as is provided in case of other judgments. No fee shall be made for making the entry. Execution, garnishment or other proceedings in aid of execution may issue within the county or to any other county on the judgment in the same manner as on judgments under the code of civil procedure except that any real estate taken upon execution for the collection of such taxes shall be sold without appraisal. None of the exemptions provided for in the code of civil procedure shall apply to any such judgment but no such judgment secured for taxes on personal property shall be levied against a homestead.

At the time of filing the abstract of the taxes, interest, penalties and costs with the clerk of the district court, the county treasurer shall serve notice, in writing, on the county counselor of such filing. It shall be the duty of the county counselor to commence such proceedings as are necessary for the collection of such judgment. If execution is not issued within five years from the date of the entry of any such judgment, or if five years shall have intervened between the date of the last execution issued on such judgment and the time of issuing another writ of execution thereon, such judgment shall become dormant, and shall cease to operate as a lien on the real estate of the delinquent taxpayer. Such dormant judgment may be revived in like manner as dormant judgments under the code of civil procedure. Any such judgment remaining uncollected after seven years may be allowed to become dormant if the county commissioners determine, after consideration of all relevant facts, that it is not reasonable to expect that such judgment will be collected. The board of county commissioners may allow such judgments to become dormant at any time if the original amount of the judgment was less than \$50.

Journal of the Senate

SIXTY-SECOND DAY

SENATE CHAMBER, TOPEKA, KANSAS
Wednesday, April 26, 2023, 10:00 a.m.

The Senate was called to order by President Ty Masterson.
The roll was called with 40 senators present.
Invocation by Reverend Cecil T. Washington:

Our Master Problem Solver
2 Samuel 12:16-23

Heavenly Father, thanks for the break, for the getaway that You've blessed us to have. And Lord, I pray that the most significant aspect of the holiday reminds us of the fact that You overcome the problem of death. What we call Easter Sunday, many call Resurrection Sunday. You have demonstrated in Jesus, that in the final analysis the problem of death is overcome.

So, Lord, since death is the most devastating of all problems and since You've already defeated it, we can know that no problem we face in life is so big that You can't handle it. You are the Master Problem Solver.

As we move toward finishing this session, and as we move toward a fulfilling life, there are difficulties we still have to face. But Lord, every complication we encounter is like another bump on the side of a mountain. We can use them to help us climb. While the fewer the bumps or the fewer the difficulties, the less help we have for climbing.

So Lord, we can thank You for every problem. For no difficulty formed against us is going to prosper. Keep us by faith, looking to You in all we do. I offer this prayer in the Name of Jesus, Who loved us to and through death. Amen!

The Pledge of Allegiance was led by President Masterson.

MESSAGES FROM THE GOVERNOR**REGARDING VETO OF HOUSE SUBSTITUTE FOR SENATE BILL 169**

Kansans know all too well where irresponsible, costly tax experiments lead: to underfunded schools, to deteriorating roads and bridges, and to essential services being cut. This bill would upend our tax system and throw our state's budget out of balance long-term. There is no question: Just like under my predecessor, this tax plan would be paid for by cutting funds from our public schools. Already, those same legislators have proposed cutting millions of dollars from public schools, and particularly rural schools. I won't stand for cuts to our public schools, period. To be very clear, I want to cut taxes for everyday Kansans. That's why I've proposed targeted, responsible tax cuts on groceries and Social Security, and it's why I'm proposing a tax rebate, this year, of \$450 for individual taxpayers and \$900 for married couples filing jointly. Legislators should put this one-time surplus back in the hands of taxpayers – without risking our ability to continue fully funding schools and investing in roads, bridges, and essential services. Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Substitute for Senate Bill 169**.

**REGARDING VETO OF SENATE BILL 26, SENATE BILL 180,
SENATE BILL 228, AND S. SUB FOR HOUSE BILL 2138**

Companies have made it clear that they are not interested in doing business with states that discriminate against workers and their families. By stripping away rights from Kansans and opening the state up to expensive and unnecessary lawsuits, these bills would hurt our ability to continue breaking economic records and landing new business deals. I'm focused on the economy. Anyone care to join me? Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 26, Senate Bill 180, Senate Bill 228, and S. Sub. for House Bill 2138**.

REGARDING VETO OF SENATE BILL 209

As the daughter of a career Army officer, I cannot support measures that would disenfranchise members of our armed services – who fight for our freedoms, including the right to vote – from casting their own ballot. This bill eliminates the three-day grace period for mail-in ballots often used by those in the military serving across the country or overseas. It would also likely result in too many rural Kansans not having their votes counted in important elections. That is unacceptable. We should be doing everything we can to make it easier – not harder – for Kansans to make their voices heard at the ballot box. Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 209**.

EXPLANATION OF VOTE

The underlying bill flat tax being proposed disproportionately favors the most wealthy in our state while our working class struggles with things property tax. We are at a point in our budget process where with fiscal responsibility we are coming out of the Brownback years where we need to be cautious. We don't know if we have enough money for the future five year projections without the federal stimulus money that's come in. We don't need to make this kind of change this year, so I vote "NO" on overriding the Governor's veto of **SB 169**.—JEFF PITTMAN

EXPLANATION OF VOTE

I vote "NO" on **SB 26** because I believe we are beginning to cross the line from legislating for the common good to telling families what to do when making difficult decisions for their children. I do not support gender reassignment surgery for children or anyone, but I believe this decision should be in the hands of the parent, child, doctor and/or pastor. Hormones are used to help some of our young girls and boys when needed while going through puberty. I think we need to trust that a parent, with guidance, can make the right decision for their child. I also do not believe we should criminalize doctors for trying to figure out the best path for their patient. This is not about wearing seat belts or limiting speeds on the highway for the greater good. This is about a very small population that is making a very difficult decision. I believe good government is limited government and should not be making medical decisions for us.

—CAROLYN MCGINN

Senator Dietrich requests the record to show she concurs with the "Explanation of Vote" offered by Senator McGinn on **SB 26**.

I vote "YES." Unfortunately, sometimes the legislature has to step in and protect our children. Mutilating surgeries are the obvious situation. Lost parents and a wayward healthcare system cannot be allowed to permanently sterilize a minor. They must be stopped. Historically, this act of mutilation has never been tolerated. It represents pure evil in a society.—MARK STEFFEN

Senator Thompson requests the record to show he concurs with the "Explanation of Vote" offered by Senator Steffen on **SB 26**.

Many of the opponents of this bill that I hear from accuse those of us who seek to protect Kansas children from irreversible, dangerous, and sometimes life-threatening hormone replacement therapy, and "gender reassignment surgeries" of being haters. Nothing could be farther from the truth. In fact, the most loving thing a person can do is to make sure that others are not harmed. That is what **SB 26** sought to do. We heard testimony from several persons who had undergone gender transition therapies and surgeries, that told us these so-called treatments did not help the depression or suicidal ideations experienced by those who are confused over their gender identity. They warned that the suicidal ideations typically get worse, and reach a crescendo around 7 years after the transition. The suicide rate in the general population is around 10%, but for those who have undergone "gender-affirming care" it is near 40%. We cannot stand by and let that happen. We must protect young Kansans by prohibiting these dangerous procedures until they have the ability to comprehend the long-term, irreparable harm they may cause. I vote "YES" on **SB 26**.—MIKE THOMPSON

ACTION ON VETO MESSAGE

EXPLANATION VOTE

I vote no on **SB 209**. We live in a democracy that provides the opportunity for people to vote despite their gender or color of their skin, but this only occurred in the last century. Other improvements have been made to help those with needs due to aging and disabilities have a better opportunity to vote. We have also made improvements to allow students and military to participate in the voting process. We should be trying to help and encourage people to take advantage of their constitutional right to vote. Which includes allowing people to mail a ballot close to election day and still have it counted even if it is three days late due to the challenges and unreliability of mail delivery.—

MESSAGE FROM THE HOUSE

Announcing the House herewith transmits the veto message from the Governor,

together with the enrolled copy of **HB 2313**, AN ACT concerning health and healthcare; creating the born-alive infants protection act; providing legal protections for infants born alive; requiring certain standards of care by healthcare providers for infants who are born alive; providing criminal penalties and civil liability for violations of the act; amending K.S.A. 65-445 and repealing the existing section, was received on April 14, 2023 and read on April 24, 2023.

“This bill is misleading and unnecessary. Federal law already protects newborns, and the procedure being described in this bill does not exist in Kansas in the era of modern medicine.

The intent of this bill is to interfere in medical decisions that should remain between doctors and their patients.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto House Bill 2313.”

EXPLANATION OF VOTE

I reluctantly vote AYE to override the Governor's veto of **HB 2313**. As a former member of the Board of Directors for Planned Parenthood of Greater Kansas City, and as an escort for literally dozens of women needing a friend as we'd walk past the teeming howls of those gathered outside of the clinic to interrupt the personal health decision being made to terminate her unwanted pregnancy, few in this Chamber have been more committed than I, David Haley, to insure a women's right to choose. Active

in the 2022 “NO” vote from last August, I continue to join with the overwhelming majority of Kansans who believe that a woman’s constitutional right to seek an abortion should not be further infringed upon by our government. As an avowed feminist myself, I intend to always support women’s rights to be as unencumbered from sexist diffidence in our American society. But this, to me, is different and is the second time I depart from a Governor I respect’s Veto; the first being when Governor Sebelius vetoed the third-trimester, two “consenting physicians” wink-and-a-nod parable necessary to allow latest of term abortions; and here, now today, with Governor Kelly’s veto of the best efforts to resuscitate and bring life to those babies who “survive” and abortion and are deemed “born alive.” Post a fetus’ viability (or ability to thrive on its’ own independent of the womb), it is my, and much of my District’s (because I have asked), convicted and consecrated belief that we, as a civilized society should always weigh-in towards the side of support for that life; which, short of being found to be grossly deformed towards stillbirth, should be given a chance.—DAVID HALEY

ORIGINAL MOTION

Having voted on the prevailing side, Senator Longbine moved to reconsider previous action on **HB 2021**. The motion carried.

Journal of the Senate

SIXTY-THIRD DAY

SENATE CHAMBER, TOPEKA, KANSAS
Thursday, April 27, 2023, 10:00 a.m.

The Senate was called to order by President Ty Masterson.
The roll was called with 40 senators present.
Invocation by Reverend Cecil T. Washington:

Lawgiver, Judge, Executive - 3 Government Branches
Isaiah 33:22, James 1:17

Heavenly Father, we have lawmakers who have looked at their veto powers, the ability or the potential to not accept but to reject a law. And You have created us with the freedom to do that. But Lord, the problem we're facing is wanting to veto Your law.

Keep us mindful of what You had the Prophet Isaiah tell us in 33:22, that You are our Judge, our Lawgiver and our King. And when we acknowledge You as Champion in all three capacities, we can see You as head of our three branches of government. It is then that we can see You as our Savior. That's why it is a disaster to attempt vetoing Your governance.

Lord, help us to see You as our Lawgiver. You've shown us what's right. As Our Executor, You've given us how to regulate, manage and apply. And, as our Judge, You address any of the violations.

Lord, You have not created us with the power to veto or overrule You. No matter how many of us vote against the principles of Your word, according to James 1:17, You don't change and what You say continues to stand. Help us to know that in the structure of Your economy that there is no such thing as majority rule.

By Your Holy Spirit, please show us Your rulership and be our Savior. I offer this prayer in Jesus' Name, Amen!

The Pledge of Allegiance was led by President Masterson.

“Leaders from both parties should be looking for ways to help people afford the basics, not burdening our hardworking Kansans who are just trying to get by.

With inflation causing the prices of goods and services to skyrocket, Kansans need relief, not further barriers.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2094.**”

A motion was made that **HB 2094** be passed notwithstanding the Governor's veto. EXPLANTION OF VOTE

Forty organizations in my district stand in strong opposition to this legislation. They join with the other 120 churches and pantries across the state that are already providing food assistance for Kansans. If we want all able-bodied citizens over the age of 50-59 to be working they need to be able to afford food. This bill denies the average SNAP benefit of \$2.00 a day. This is mean spirited legislation. I vote "NO."—PAT PETTEY

Senators Faust Goudeau and Haley request the record to show they concur with the "Explanation of Vote" offered by Senator Pettey on **HB 2094**.

I don't think food should be associated as a reward or a punishment for a behavior. As a teacher, I never rewarded a positive behavior with an M and M or withheld food as a consequence. Food is a human right and if you are hungry you should have food to

eat.—USHA REDDI

Senators Faust Goudeau and Haley request the record to show they concur with the "Explanation of Vote" offered by Senator Reddi on **HB 2094**.

Vice President Wilborn assumed the chair.

“Companies have made it clear that they are not interested in doing business with states that discriminate against workers and their families. By stripping away rights from Kansans and opening the state up to expensive and unnecessary lawsuits, these bills would hurt our ability to continue breaking economic records and landing new business deals.

I'm focused on the economy. Anyone care to join me?

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 26, Senate Bill 180, Senate Bill 228 and S Sub House Bill 2138.**”

“In August, Kansans made clear that they believe personal healthcare decisions should be made between a woman and her doctor, not politicians in Topeka. This bill would interfere with that relationship and given the uncertain science behind it, could be harmful to Kansans' health.

“In August, Kansans voted against politicians in Topeka placing extreme restrictions on a woman's freedom to make her own personal healthcare decisions.

MESSAGE FROM THE HOUSE

Announcing the House herewith transmits the veto message from the Governor, together with the enrolled copy of **HB 2350**, AN ACT concerning crimes, punishment and criminal procedure; relating to crimes against persons; creating the crimes of

human smuggling and aggravated human smuggling; providing criminal penalties therefor, was received on April 24, 2023 and read on April 25, 2023.

“**House Bill 2350** is the product of a rushed process. I agree immigration issues need to be addressed, but this bill will have unintended consequences, from decimating our agriculture workforce to allowing the state to encroach into Kansans' personal lives.

You just have to look at basic examples: If a good Samaritan gives his or her fellow Kansan a ride to work and receives gas money in exchange - or if a paramedic, while on duty, transports someone to the emergency room- they could be subject to level-five felonies. That overcriminalization is unnecessary and shows that lawmakers haven't considered the full impact of this bill.

Kansans deserve considered, comprehensive legislation when it comes to immigration - not bills with sweeping language that would hurt law-abiding Kansas citizens and open the state up to expensive lawsuits.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2350.**”

(j) ~~The provisions of this section~~ shall not be construed to conflict with any other provisions of law relating to the appraisal of tangible property for taxation purposes including the equalization processes of the county and state board of tax appeals.

Sec. 10. K.S.A. 79-1496 is hereby amended to read as follows: 79-1496. Within 60 days after the date the notice of informal meeting results or final determination is mailed to the taxpayer pursuant to K.S.A. 79-1448, and amendments thereto, any taxpayer aggrieved by the final determination of the county appraiser, who has not filed an appeal with the board of tax appeals pursuant to K.S.A. 74-2433f, 79-1448, 79-1609 or 79-1611, and amendments thereto, may file with the county appraiser a third-party fee simple appraisal performed by a Kansas certified general real property appraiser that reflects the value of the property as of January 1 for the same tax year being appealed. For determinations and appeals relating to residential property pursuant to this section, a taxpayer may file with the county appraiser a third-party fee simple appraisal performed by either a Kansas certified residential real property appraiser or a Kansas certified general real property appraiser that reflects the value of the property as of January 1 for the same tax year being appealed. Within 15 days after receipt of the appraisal, the county appraiser shall review and consider such appraisal in the determination of valuation or classification of the taxpayer's property and mail a supplemental notice of final determination. If the final determination is not in favor of the taxpayer then the county appraiser shall notify the taxpayer that the county is required to perform its own, or commission a fee simple single property appraisal. The county appraiser shall then have 90 days to furnish that appraisal along with a new supplemental notice of determination and if not in favor of the taxpayer include an explanation of the reasons the county appraiser did not rely upon the taxpayer's fee simple single property appraisal. Whenever a taxpayer submits a fee simple single property appraisal the burden of proof shall be on the county appraiser to dispute the value of that appraisal. Any taxpayer aggrieved by the final determination of the county appraiser may appeal to the state board of tax appeals as provided in K.S.A. 79-1609, and amendments thereto, within 30 days subsequent to the date of mailing of the supplemental notice of final determination.

Sec. 11. K.S.A. 2022 Supp. 79-2005 is hereby amended to read as follows: 79-2005. (a) Any taxpayer, before protesting the payment of such taxpayer's taxes, shall be required, either at the time of paying such taxes, or, if the whole or part of the taxes are paid prior to December 20, no later than December 20, or, with respect to taxes paid in whole or in part in an amount equal to at least $\frac{1}{2}$ of such taxes on or before December 20 by an escrow or tax service agent, no later than January 31 of the next year, to file a written statement with the county treasurer, on forms approved by the state board of tax appeals and provided by the county treasurer, clearly stating the grounds on which the whole or any part of such taxes are protested and citing any law, statute or facts on which such taxpayer relies in protesting the whole or any part of such taxes. When the grounds of such protest is an assessment of taxes made pursuant to K.S.A. 79-332a and 79-1427a, and amendments thereto, the county treasurer may not distribute the taxes paid under protest until such time as the appeal is final. When the grounds of such protest is that the valuation or assessment of the property upon which the taxes are levied is illegal or void, the county treasurer shall forward a copy of the written

statement of protest to the county appraiser who shall within 15 days of the receipt thereof, schedule an informal meeting with the taxpayer or such taxpayer's agent or attorney with reference to the property in question. At the informal meeting, it shall be the duty of the county appraiser or the county appraiser's designee to initiate production of evidence to substantiate the valuation of such property, including a summary of the reasons that the valuation of the property has been increased over the preceding year, any assumptions used by the county appraiser to determine the value of the property and a description of the individual property characteristics, property specific valuation records and conclusions. The taxpayer shall be provided with the opportunity to review the data sheets applicable to the valuation approach utilized for the subject property. The county appraiser shall take into account any evidence provided by the taxpayer which relates to the amount of deferred maintenance and depreciation of the property. The county appraiser shall review the appraisal of the taxpayer's property with the taxpayer or such taxpayer's agent or attorney and may change the valuation of the taxpayer's property, if in the county appraiser's opinion a change in the valuation of the taxpayer's property is required to assure that the taxpayer's property is valued according to law, and shall, within 15 business days thereof, notify the taxpayer in the event the valuation of the taxpayer's property is changed, in writing of the results of the meeting. The county appraiser shall not increase the appraised valuation of the property as a result of the informal meeting. In the event the valuation of the taxpayer's property is changed and such change requires a refund of taxes and interest thereon, the county treasurer shall process the refund in the manner provided by subsection (l).

(b) ~~No protest appealing the valuation or assessment of property shall be filed pertaining to any year's valuation or assessment when an appeal of such valuation or assessment was commenced pursuant to K.S.A. 79-1448, and amendments thereto, nor shall~~ The second half payment of taxes shall not be protested when the first half payment of taxes has been protested. Notwithstanding the foregoing, this provision shall not prevent any subsequent owner from protesting taxes levied for the year in which such property was acquired, nor shall it prevent any taxpayer from protesting taxes when the valuation or assessment of such taxpayer's property has been changed pursuant to an order of the director of property valuation.

(c) A protest shall not be necessary to protect the right to a refund of taxes in the event a refund is required because the final resolution of an appeal commenced pursuant to K.S.A. 79-1448, and amendments thereto, occurs after the final date prescribed for the protest of taxes.

(d) If the grounds of such protest shall be that the valuation or assessment of the property upon which the taxes so protested are levied is illegal or void, such statement shall further state the exact amount of valuation or assessment which the taxpayer admits to be valid and the exact portion of such taxes which is being protested.

(e) If the grounds of such protest shall be that any tax levy, or any part thereof, is illegal, such statement shall further state the exact portion of such tax which is being protested.

(f) Upon the filing of a written statement of protest, the grounds of which shall be that any tax levied, or any part thereof, is illegal, the county treasurer shall mail a copy of such written statement of protest to the state board of tax appeals and the governing body of the taxing district making the levy being protested.

(g) Within 30 days after notification of the results of the informal meeting with the

county appraiser pursuant to subsection (a), the protesting taxpayer may, if aggrieved by the results of the informal meeting with the county appraiser, appeal such results to the state board of tax appeals.

(h) After examination of the copy of the written statement of protest and a copy of the written notification of the results of the informal meeting with the county appraiser in cases where the grounds of such protest is that the valuation or assessment of the property upon which the taxes are levied is illegal or void, the board shall conduct a hearing in accordance with the provisions of the Kansas administrative procedure act, unless waived by the interested parties in writing. If the grounds of such protest is that the valuation or assessment of the property is illegal or void the board shall notify the county appraiser thereof.

(i) In the event of a hearing, the same shall be originally set not later than 90 days after the filing of the copy of the written statement of protest and a copy, when applicable, of the written notification of the results of the informal meeting with the county appraiser with the board. With regard to any matter properly submitted to the board relating to the determination of valuation of residential property or real property used for commercial and industrial purposes for taxation purposes, it shall be the duty of the county appraiser to initiate the production of evidence to demonstrate, by a preponderance of the evidence, the validity and correctness of such determination except that no such duty shall accrue to the county or district appraiser with regard to leased commercial and industrial property unless the property owner has furnished to the county or district appraiser a complete income and expense statement for the property for the three years next preceding the year of appeal. No presumption shall exist in favor of the county appraiser with respect to the validity and correctness of such determination. In all instances where the board sets a request for hearing and requires the representation of the county by its attorney or counselor at such hearing, the county shall be represented by its county attorney or counselor. The board shall take into account any evidence provided by the taxpayer which relates to the amount of deferred maintenance and depreciation for the property. In any appeal from the reclassification of property that was classified as land devoted to agricultural use for the preceding year, the taxpayer's classification of the property as land devoted to agricultural use shall be presumed to be valid and correct if the taxpayer provides an executed lease agreement or other documentation demonstrating a commitment to use the property for agricultural use, if no other actual use is evident. With regard to any matter properly submitted to the board relating to the determination of valuation of property for taxation purposes, the board shall not increase the appraised valuation of the property to an amount greater than the appraised value reflected in the notification of the results of the informal meeting with the county appraiser from which the taxpayer appealed.

(j) When a determination is made as to the merits of the tax protest, the board shall render and serve its order thereon. The county treasurer shall notify all affected taxing districts of the amount by which tax revenues will be reduced as a result of a refund.

(k) If a protesting taxpayer fails to file a copy of the written statement of protest and a copy, when applicable, of the written notification of the results of the informal meeting with the county appraiser with the board within the time limit prescribed, such protest shall become null and void and of no effect whatsoever.

(l) (1) In the event the board orders that a refund be made pursuant to this section or the provisions of K.S.A. 79-1609, and amendments thereto, or a court of competent

jurisdiction orders that a refund be made, and no appeal is taken from such order, or in the event a change in valuation which results in a refund pursuant to subsection (a), the county treasurer shall, as soon thereafter as reasonably practicable, refund to the taxpayer such protested taxes and, with respect to protests or appeals commenced after the effective date of this act, interest computed at the rate prescribed by K.S.A. 79-2968, and amendments thereto, minus two percentage points, per annum from the date of payment of such taxes from tax moneys collected but not distributed. Upon making such refund, the county treasurer shall charge the fund or funds having received such protested taxes, except that, with respect to that portion of any such refund attributable to interest the county treasurer shall charge the county general fund. In the event that the state board of tax appeals or a court of competent jurisdiction finds that any time delay in making its decision is unreasonable and is attributable to the taxpayer, it may order that no interest or only a portion thereof be added to such refund of taxes.

(2) No interest shall be allowed pursuant to paragraph (1) in any case where the tax paid under protest was inclusive of delinquent taxes.

(m) Whenever, by reason of the refund of taxes previously received or the reduction of taxes levied but not received as a result of decreases in assessed valuation, it will be impossible to pay for imperative functions for the current budget year, the governing body of the taxing district affected may issue no-fund warrants in the amount necessary. Such warrants shall conform to the requirements prescribed by K.S.A. 79-2940, and amendments thereto, except they shall not bear the notation required by such section and may be issued without the approval of the state board of tax appeals. The governing body of such taxing district shall make a tax levy at the time fixed for the certification of tax levies to the county clerk next following the issuance of such warrants sufficient to pay such warrants and the interest thereon. All such tax levies shall be in addition to all other levies authorized by law.

(n) Whenever a taxpayer appeals to the board of tax appeals pursuant to the provisions of K.S.A. 79-1609, and amendments thereto, or pays taxes under protest related to one property whereby the assessed valuation of such property exceeds 5% of the total county assessed valuation of all property located within such county and the taxpayer receives a refund of such taxes paid under protest or a refund made pursuant to the provisions of K.S.A. 79-1609, and amendments thereto, the county treasurer or the governing body of any taxing subdivision within a county may request the pooled money investment board to make a loan to such county or taxing subdivision as provided in this section. The pooled money investment board is authorized and directed to loan to such county or taxing subdivision sufficient funds to enable the county or taxing subdivision to refund such taxes to the taxpayer. The pooled money investment board is authorized and directed to use any moneys in the operating accounts, investment accounts or other investments of the state of Kansas to provide the funds for such loan. Each loan shall bear interest at a rate equal to the net earnings rate of the pooled money investment portfolio at the time of the making of such loan. The total aggregate amount of loans under this program shall not exceed \$50,000,000 of unencumbered funds pursuant to article 42 of chapter 75 of the Kansas Statutes Annotated, and amendments thereto. Such loan shall not be deemed to be an indebtedness or debt of the state of Kansas within the meaning of section 6 of article 11 of the constitution of the state of Kansas. Upon certification to the pooled money investment board by the county treasurer or governing body of the amount of each loan

authorized pursuant to this subsection, the pooled money investment board shall transfer each such amount certified by the county treasurer or governing body from the state bank account or accounts prescribed in this subsection to the county treasurer who shall deposit such amount in the county treasury. Any such loan authorized pursuant to this subsection shall be repaid within four years. The county or taxing subdivision shall make not more than four equal annual tax levies at the time fixed for the certification of tax levies to the county clerk following the making of such loan sufficient to pay such loan within the time period required under such loan. All such tax levies shall be in addition to all other levies authorized by law.

(o) The county treasurer shall disburse to the proper funds all portions of taxes paid under protest and shall maintain a record of all portions of such taxes which are so protested and shall notify the governing body of the taxing district levying such taxes thereof and the director of accounts and reports if any tax protested was levied by the state.

(p) This statute shall not apply to the valuation and assessment of property assessed by the director of property valuation and it shall not be necessary for any owner of state assessed property, who has an appeal pending before the state board of tax appeals, to protest the payment of taxes under this statute solely for the purpose of protecting the right to a refund of taxes paid under protest should that owner be successful in that appeal.

Sec. 12. K.S.A. 2022 Supp. 79-2988 is hereby amended to read as follows: 79-2988. (a) On or before June 15 each year, the county clerk shall calculate the revenue neutral rate for each taxing subdivision and include such revenue neutral rate on the notice of the estimated assessed valuation provided to each taxing subdivision for budget purposes. The director of accounts and reports shall modify the prescribed budget information form to show the revenue neutral rate.

(b) No tax rate in excess of the revenue neutral rate shall be levied by the governing body of any taxing subdivision unless a resolution or ordinance has been approved by the governing body according to the following procedure:

(1) At least 10 days in advance of the public hearing, the governing body shall publish notice of its proposed intent to exceed the revenue neutral rate by publishing notice: ~~(A)~~ on the website of the governing body, if the governing body maintains a website; and

Alternatively, the county clerk may transmit the notice to the taxpayer by electronic means at least 10 days in advance of the public hearing, if such taxpayer and county clerk have consented in writing to service by electronic means. The county clerk shall consolidate the required information for all taxing subdivisions relevant to the taxpayer's property on one notice. The notice shall be in a format prescribed by the

director of accounts and reports. The notice shall include, but not be limited to:

Although the state of Kansas is not a taxing subdivision for purposes of this section, the notice shall include ~~a statement of the statutory mill levies imposed by the state~~ the previous year's tax amount and the estimate of the tax for the current year on the taxpayer's property based on ~~such the statutory mill~~ levies.

(3) The public hearing to consider exceeding the revenue neutral rate shall be held not sooner than August 20 and not later than September 20. The governing body shall provide interested taxpayers desiring to be heard an opportunity to present oral testimony within reasonable time limits and without unreasonable restriction on the number of individuals allowed to make public comment. The public hearing may be conducted in conjunction with the proposed budget hearing pursuant to K.S.A. 79-2929, and amendments thereto, if the governing body otherwise complies with all requirements of this section. Nothing in this section shall be construed to prohibit additional public hearings that provide additional opportunities to present testimony or public comment prior to the public hearing required by this section.

(4) A majority vote of the governing body, by the adoption of a resolution or ordinance to approve exceeding the revenue neutral rate, shall be required prior to adoption of a proposed budget that will result in a tax rate in excess of the revenue neutral rate. Such vote of the governing body shall be conducted at the public hearing after the governing body has heard from interested taxpayers and shall be a roll call vote. If the governing body approves exceeding the revenue neutral rate, the governing body shall not adopt a budget that results in a tax rate in excess of its proposed tax rate as stated in the notice provided pursuant to this section. A copy of the resolution or ordinance to approve exceeding the revenue neutral rate and a certified copy of any roll call vote reporting, at a minimum, the name and vote of each member of the governing body related to exceeding the revenue neutral rate, whether approved or not, shall be included with the adopted budget, budget certificate and other budget forms filed with the county clerk and the director of accounts and reports and shall be published on the website of the department of administration.

(c) (1) Any governing body subject to the provisions of this section that does not comply with subsection (b) shall refund to taxpayers any property taxes over-collected based on the amount of the levy that was in excess of the revenue neutral rate.

(2) Any taxpayer of the taxing subdivision that is the subject of the complaint or such taxpayer's duly authorized representative may file a complaint with the state board of tax appeals by filing a written complaint, on a form prescribed by the board, that

contains the facts that the complaining party believes show that a governing body of a taxing subdivision did not comply with the provisions of subsection (b) and that a reduction or refund of taxes is appropriate. The complaining party shall provide a copy of such complaint to the governing body of the taxing subdivision making the levy that is the subject of the complaint. Notwithstanding K.S.A. 74-2438a, and amendments thereto, no filing fee shall be charged by the executive director of the state board of tax appeals for a complaint filed pursuant to this paragraph. The governing body of the taxing subdivision making the levy that is the subject of the complaint shall be a party to the proceeding. Notice of any summary proceeding or hearing shall be served upon such governing body, the county clerk, the director of accounts and reports and the complaining party. It shall be the duty of the governing body to initiate the production of evidence to demonstrate, by a preponderance of the evidence, the validity of such levy. If upon a summary proceeding or hearing, it shall be made to appear to the satisfaction of the board that the governing body of the taxing subdivision did not comply with subsection (b), the state board of tax appeals shall order such governing body to refund to taxpayers the amount of property taxes over collected or reduce the taxes levied, if uncollected. The provisions of this paragraph shall not be construed as prohibiting any other remedies available under the law.

(d) On and after January 1, 2022, in the event that the 20 mills levied by a school district pursuant to K.S.A. 72-5142, and amendments thereto, increases the property tax revenue generated for the purpose of calculating the revenue neutral rate from the previous tax year and such amount of increase in revenue generated from the 20 mills is the only reason the school district would exceed the total property tax revenue from the prior year, the school district shall be deemed to not have exceeded the revenue neutral rate in levying a tax rate in excess of the revenue neutral rate to take into account the increase in revenue from only the 20 mills.

(e) (1) Notwithstanding any other provision of law to the contrary, if the governing body of a taxing subdivision must conduct a public hearing to approve exceeding the revenue neutral rate under this section, the governing body of the taxing subdivision shall certify, on or before October 1, to the proper county clerk the amount of ad valorem tax to be levied.

(2) If a governing body of a taxing subdivision did not comply with the provisions of subsection (b) and certifies to the county clerk an amount of ad valorem tax to be levied that would result in a tax rate in excess of its revenue neutral rate, the county clerk shall reduce the ad valorem tax to be levied to the amount resulting from such taxing subdivision's revenue neutral rate.

(f) As used in this section:

(1) "Taxing subdivision" means any political subdivision of the state that levies an ad valorem tax on property.

(2) "Revenue neutral rate" means the tax rate for the current tax year that would generate the same property tax revenue as levied the previous tax year using the current tax year's total assessed valuation. To calculate the revenue neutral rate, the county clerk shall divide the property tax revenue for such taxing subdivision levied for the previous tax year by the total of all taxable assessed valuation in such taxing subdivision for the current tax year, and then multiply the quotient by 1,000 to express the rate in mills. The revenue neutral rate shall be expressed to the third decimal place.

(g) In the event that a county clerk incurred costs of printing and postage that were

not reimbursed pursuant to K.S.A. 2022 Supp. 79-2989, and amendments thereto, such county clerk may seek reimbursement from all taxing subdivisions required to send the notice. Such costs shall be shared proportionately by all taxing subdivisions that were included on the same notice based on the total property tax levied by each taxing subdivision. Payment of such costs shall be due to the county clerk by December 31.

(h) The department of administration or the director of accounts and reports shall make copies of adopted budgets, budget certificates, other budget documents and revenue neutral rate documents available to the public on the department of administration's website on a permanently accessible web page that may be accessed via a conspicuous link to that web page placed on the front page of the department's website. The department of administration or the director of accounts and reports shall also make the following information for each tax year available on such website:

- (1) A list of taxing subdivisions by county;
- (2) whether each taxing subdivision conducted a hearing to consider exceeding its revenue neutral rate;
- (3) the revenue neutral rate of each taxing subdivision;
- (4) the tax rate resulting from the adopted budget of each taxing subdivision; and
- (5) the percent change between the revenue neutral rate and the tax rate for each taxing subdivision.

Sec. 13. K.S.A. 2022 Supp. 79-2989 is hereby amended to read as follows: 79-2989. (a) ~~For calendar years 2022 and 2023, For calendar years 2023 and 2024,~~ if a county clerk has printing or postage costs pursuant to K.S.A. 2022 Supp. 79-2988, and amendments thereto, the county clerk shall notify and provide documentation of such costs to the secretary of revenue. The secretary of revenue shall certify the amount of moneys attributable to such costs and shall transmit a copy of such certification to the director of accounts and reports. Upon such receipt of such certification, the director of accounts and reports shall transfer an amount of moneys equal to such certified amount from the state general fund to the taxpayer notification costs fund of the department of revenue. The secretary of revenue shall transmit a copy of each such certification to the director of legislative research and the director of the budget.

(b) There is hereby established in the state treasury the taxpayer notification costs fund that shall be administered by the secretary of revenue. All expenditures from the taxpayer notification costs fund shall be for the purpose of paying county printing and postage costs pursuant to K.S.A. 2022 Supp. 79-2988, and amendments thereto. All expenditures from such fund shall be made in accordance with appropriations acts upon warrants of the director of accounts and reports issued pursuant to vouchers approved by the secretary of revenue or the secretary's designee.";

On page 8, following line 21, by inserting:

"Sec. 15. K.S.A. 2022 Supp. 79-32,117, as amended by section 5 of 2023 House Bill No. 2197, is hereby amended to read as follows: 79-32,117. (a) The Kansas adjusted gross income of an individual means such individual's federal adjusted gross income for the taxable year, with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the purchase of state or political subdivision obligations, to the extent that the same is not included in federal adjusted gross income, on obligations of any state or political subdivision thereof, but to the extent that interest income on obligations of this state or a political

subdivision thereof issued prior to January 1, 1988, is specifically exempt from income tax under the laws of this state authorizing the issuance of such obligations, it shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income. Interest income on obligations of this state or a political subdivision thereof issued after December 31, 1987, shall be excluded from computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

(ii) Taxes on or measured by income or fees or payments in lieu of income taxes imposed by this state or any other taxing jurisdiction to the extent deductible in determining federal adjusted gross income and not credited against federal income tax. This paragraph shall not apply to taxes imposed under the provisions of K.S.A. 79-1107 or 79-1108, and amendments thereto, for privilege tax year 1995, and all such years thereafter.

(iii) The federal net operating loss deduction, except that the federal net operating loss deduction shall not be added to an individual's federal adjusted gross income for tax years beginning after December 31, 2016.

(iv) Federal income tax refunds received by the taxpayer if the deduction of the taxes being refunded resulted in a tax benefit for Kansas income tax purposes during a prior taxable year. Such refunds shall be included in income in the year actually received regardless of the method of accounting used by the taxpayer. For purposes hereof, a tax benefit shall be deemed to have resulted if the amount of the tax had been deducted in determining income subject to a Kansas income tax for a prior year regardless of the rate of taxation applied in such prior year to the Kansas taxable income, but only that portion of the refund shall be included as bears the same proportion to the total refund received as the federal taxes deducted in the year to which such refund is attributable bears to the total federal income taxes paid for such year. For purposes of the foregoing sentence, federal taxes shall be considered to have been deducted only to the extent such deduction does not reduce Kansas taxable income below zero.

(v) The amount of any depreciation deduction or business expense deduction claimed on the taxpayer's federal income tax return for any capital expenditure in making any building or facility accessible to the handicapped, for which expenditure the taxpayer claimed the credit allowed by K.S.A. 79-32,177, and amendments thereto.

(vi) Any amount of designated employee contributions picked up by an employer pursuant to K.S.A. 12-5005, 20-2603, 74-4919 and 74-4965, and amendments thereto.

(vii) The amount of any charitable contribution made to the extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 79-32,196, and amendments thereto.

(viii) The amount of any costs incurred for improvements to a swine facility, claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,204, and amendments thereto.

(ix) The amount of any ad valorem taxes and assessments paid and the amount of any costs incurred for habitat management or construction and maintenance of improvements on real property, claimed for deduction in determining federal adjusted gross income, to the extent the same is claimed as the basis for any credit allowed pursuant to K.S.A. 79-32,203, and amendments thereto.

(x) Amounts received as nonqualified withdrawals, as defined by K.S.A. 75-643, and amendments thereto, if, at the time of contribution to a family postsecondary education savings account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xv) or if such amounts are not already included in the federal adjusted gross income.

(xi) The amount of any contribution made to the same extent the same is claimed as the basis for the credit allowed pursuant to K.S.A. 74-50,154, and amendments thereto.

(xii) For taxable years commencing after December 31, 2004, amounts received as withdrawals not in accordance with the provisions of K.S.A. 74-50,204, and amendments thereto, if, at the time of contribution to an individual development account, such amounts were subtracted from the federal adjusted gross income pursuant to subsection (c)(xiii), or if such amounts are not already included in the federal adjusted gross income.

The Conference Committee Report was adopted.

EXPLANATION OF VOTE

I passed on **SB 8** because it is a hodgepodge of bills and issues put together haphazardly without a common theme. On one hand it tries to level playing fields while clearly upsetting balance on others. Kansas deserves thoughtful, methodical governance, not "garbage governance" via a chaotic process.—MARK STEFFEN

CONFERENCE COMMITTEE REPORTS

MR. SPEAKER and MR. PRESIDENT: Your committee on conference on Senate amendments to **HB 2010** submits the following report:

The House accedes to all Senate amendments to the bill, and your committee on conference further agrees to amend the bill as printed as Senate Substitute for House Bill No. 2010, as follows:

On page 1, following line 20, by inserting:

"New Section 1. (a) (1) In any criminal prosecution, the prosecuting attorney shall disclose its intent to introduce testimony of a jailhouse witness regarding statements made by a suspect or defendant while such witness and suspect or defendant were both incarcerated within the time provided by K.S.A. 22-3212, and amendments thereto. The prosecuting attorney shall provide to the defense:

(A) The criminal history of the jailhouse witness, including any pending or dismissed criminal charges;

(B) the jailhouse witness's cooperation agreement and any benefit that has been provided to or will be provided in the future to the jailhouse witness;

(C) the contents of any statement allegedly given by the suspect or defendant to the jailhouse witness and the contents of any statement given by the jailhouse witness to law enforcement regarding the statements allegedly made by the suspect or defendant, including the time and place such statements were given;

(D) any information regarding the jailhouse witness recanting testimony or statements, including the time and place of the recantation, the nature of the recantation and the names of the people present at the recantation; and

(E) any cooperation agreement and any benefit that the jailhouse witness received in any criminal case in which the testimony of such jailhouse witness was introduced.

(2) The court may permit the prosecuting attorney to comply with the provisions of this section after the time period provided in paragraph (1) if the court finds that the jailhouse witness was not known or the information described in paragraph (1) could not be discovered or obtained by the prosecuting attorney exercising due diligence within such time period.

(3) If the court finds that disclosing the information described in paragraph (1) is likely to cause bodily harm to the jailhouse witness, the court may:

(A) Order that such evidence be viewed only by the defense counsel and not by the defendant or others; and

(B) issue a protective order.

(b) (1) Each prosecuting attorney's office shall maintain a central record containing information regarding:

(A) Any case in which testimony by a jailhouse witness is introduced by a prosecuting attorney regarding statements made by a suspect or defendant and the substance of such testimony; and

(B) any benefit that has been provided to or will be provided in the future to a jailhouse witness in connection with testimony provided by such witness.

(2) Each prosecuting attorney's office shall forward the information described in paragraph (1) to the Kansas bureau of investigation. The bureau shall maintain a statewide database containing the information forwarded pursuant to this section. Such database shall be accessible only to prosecuting attorneys and shall otherwise remain confidential and not subject to the open records act, K.S.A. 45-215 et seq., and amendments thereto. The provision regarding confidentiality shall not be subject to expiration or review pursuant to K.S.A. 45-229, and amendments thereto.

(c) As used in this section:

(1) "Benefit" means any plea bargain, bail consideration, reduction or modification of sentence, or any other leniency, immunity, financial payment, reward or amelioration of current or future conditions of sentence that is requested, provided or will be provided in the future in connection with, or in exchange for, testimony of a jailhouse witness.

(2) "Jailhouse witness" means a person who provides testimony during a criminal prosecution regarding statements made by a suspect or defendant while both the witness and the suspect or defendant were incarcerated, and who has been offered or may in the future receive a benefit in connection with such testimony. "Jailhouse witness" does not mean a person who is a confidential informant, an accomplice or a co-defendant.

(d) This section shall be a part of and supplemental to the Kansas code of criminal procedure.";

On page 24, following line 6, by inserting:

"Sec. 9. K.S.A. 45-229 is hereby amended to read as follows: 45-229. (a) It is the intent of the legislature that exceptions to disclosure under the open records act shall be created or maintained only if:

(1) The public record is of a sensitive or personal nature concerning individuals;

(2) the public record is necessary for the effective and efficient administration of a governmental program; or

(3) the public record affects confidential information.

The maintenance or creation of an exception to disclosure must be compelled as measured by these criteria. Further, the legislature finds that the public has a right to have access to public records unless the criteria in this section for restricting such access to a public record are met and the criteria are considered during legislative review in connection with the particular exception to disclosure to be significant enough to override the strong public policy of open government. To strengthen the policy of open government, the legislature shall consider the criteria in this section before enacting an exception to disclosure.

(b) Subject to the provisions of subsections (g) and (h), any new exception to disclosure or substantial amendment of an existing exception shall expire on July 1 of the fifth year after enactment of the new exception or substantial amendment, unless the legislature acts to continue the exception. A law that enacts a new exception or substantially amends an existing exception shall state that the exception expires at the end of five years and that the exception shall be reviewed by the legislature before the scheduled date.

(c) For purposes of this section, an exception is substantially amended if the amendment expands the scope of the exception to include more records or information. An exception is not substantially amended if the amendment narrows the scope of the exception.

(d) This section is not intended to repeal an exception that has been amended following legislative review before the scheduled repeal of the exception if the exception is not substantially amended as a result of the review.

(e) In the year before the expiration of an exception, the revisor of statutes shall certify to the president of the senate and the speaker of the house of representatives, by July 15, the language and statutory citation of each exception that will expire in the following year that meets the criteria of an exception as defined in this section. Any exception that is not identified and certified to the president of the senate and the speaker of the house of representatives is not subject to legislative review and shall not expire. If the revisor of statutes fails to certify an exception that the revisor subsequently determines should have been certified, the revisor shall include the exception in the following year's certification after that determination.

(f) "Exception" means any provision of law that creates an exception to disclosure or limits disclosure under the open records act pursuant to K.S.A. 45-221, and amendments thereto, or pursuant to any other provision of law.

(g) A provision of law that creates or amends an exception to disclosure under the open records law shall not be subject to review and expiration under this act if such provision:

(1) Is required by federal law;

(2) applies solely to the legislature or to the state court system;

(3) has been reviewed and continued in existence twice by the legislature; ~~or~~

(4) has been reviewed and continued in existence by the legislature during the 2013 legislative session and thereafter; or

(5) is contained in the following statute: section 1(b).

(h) (1) The legislature shall review the exception before its scheduled expiration

and consider as part of the review process the following:

- (A) What specific records are affected by the exception;
- (B) whom does the exception uniquely affect, as opposed to the general public;
- (C) what is the identifiable public purpose or goal of the exception;
- (D) whether the information contained in the records may be obtained readily by alternative means and how it may be obtained;

(2) an exception may be created or maintained only if it serves an identifiable public purpose and may be no broader than is necessary to meet the public purpose it serves. An identifiable public purpose is served if the legislature finds that the purpose is sufficiently compelling to override the strong public policy of open government and cannot be accomplished without the exception and if the exception:

(A) Allows the effective and efficient administration of a governmental program that would be significantly impaired without the exception;

(B) protects information of a sensitive personal nature concerning individuals, the release of such information would be defamatory to such individuals or cause unwarranted damage to the good name or reputation of such individuals or would jeopardize the safety of such individuals. Only information that would identify the individuals may be excepted under this paragraph; or

(C) protects information of a confidential nature concerning entities, including, but not limited to, a formula, pattern, device, combination of devices, or compilation of information that is used to protect or further a business advantage over those who do not know or use it, if the disclosure of such information would injure the affected entity in the marketplace.

(3) Records made before the date of the expiration of an exception shall be subject to disclosure as otherwise provided by law. In deciding whether the records shall be made public, the legislature shall consider whether the damage or loss to persons or entities uniquely affected by the exception of the type specified in paragraph (2)(B) or (2)(C) would occur if the records were made public.

(i) (1) Exceptions contained in the following statutes as continued in existence in section 2 of chapter 126 of the 2005 Session Laws of Kansas and that have been reviewed and continued in existence twice by the legislature as provided in subsection (g) are hereby continued in existence: 1-401, 2-1202, 5-512, 9-1137, 9-1712, 9-2217, 10-630, 12-189, 12-1,108, 12-1694, 12-1698, 12-2819, 12-4516, 16-715, 16a-2-304, 17-1312e, 17-2227, 17-5832, 17-7511, 17-76,139, 19-4321, 21-2511, 22-3711, 22-4707, 22-4909, 22a-243, 22a-244, 23-605, 23-9,312, 25-4161, 25-4165, 31-405, 34-251, 38-2212, 39-709b, 39-719e, 39-934, 39-1434, 39-1704, 40-222, 40-2,156, 40-2c20, 40-2c21, 40-2d20, 40-2d21, 40-409, 40-956, 40-1128, 40-2807, 40-3012, 40-3304, 40-3308, 40-3403b, 40-3421, 40-3613, 40-3805, 40-4205, 44-510j, 44-550b, 44-594, 44-635, 44-714, 44-817, 44-1005, 44-1019, 45-221(a)(1) through (43), 46-256, 46-259, 46-2201, 47-839, 47-844, 47-849, 47-1709, 48-1614, 49-406, 49-427, 55-1,102, 58-4114, 59-2135, 59-2802, 59-2979, 59-29b79, 60-3333, 60-3336, 65-102b, 65-118, 65-119, 65-153f, 65-170g, 65-177, 65-1,106, 65-1,113, 65-1,116, 65-1,157a, 65-1,163, 65-1,165, 65-1,168, 65-1,169, 65-1,171, 65-1,172, 65-436, 65-445, 65-507, 65-525, 65-531, 65-657, 65-1135, 65-1467, 65-1627, 65-1831, 65-2422d, 65-2438, 65-2836, 65-2839a, 65-2898a, 65-3015, 65-3447, 65-34,108, 65-34,126, 65-4019, 65-4922, 65-4925, 65-5602, 65-5603, 65-6002, 65-6003, 65-6004, 65-6010, 65-67a05, 65-6803, 65-6804, 66-101c, 66-117, 66-151, 66-1,190, 66-1,203, 66-1220a, 66-2010, 72-2232, 72-3438, 72-6116,

“I appreciate the Legislature and the respective budget committees for their work over the first part of session to ensure that many essential services are funded. This budget also includes several measures that reflect a shared goal of continuing our recent success in passing balanced budgets and avoiding structural imbalance. Among the major items in this budget, we agree that it’s important to fully fund the state water plan, invest in our rainy day fund, set aside funds to pay off debt, and continue investing in infrastructure and public safety.

One of the most important parts of the state budget and the most significant portion of the budget is constitutional school funding and full funding for special education. Failing to fully fund our public schools leaves parents and students throughout the state unsure of whether they will be able to count on the Legislature to continue its recent success of avoiding expensive and unnecessary litigation. We have worked together for several years to ensure that we do not end up back in court, and I encourage the Legislature to continue to maintain constitutional school funding so that we can empower educators to continue to rebuild our education system back to one of the best in the country after a decade of inadequate funding.

While this budget includes many items that set aside funding for specific groups of Kansans who need essential health and human services, it fails to expand Medicaid. With now 40 states expanding Medicaid, Kansans will continue to pay for the healthcare of low-income citizens of other states while refusing that same basic coverage to citizens of our state. This refusal will continue to put a burden on our hospitals and other health providers, and as a result, it will continue to hurt main street businesses and rural and economically distressed communities throughout the state.

I do appreciate that for the most part, this budget maintains our commitment to keep the Bank of KDOT closed. As we continue to make progress on this front, we should do everything possible to work with local communities to draw down the maximum level of federal funding available. By doing so, it will ultimately relieve the costs on locals who would otherwise be forced to pay for these improvements entirely through local tax dollars, which are largely funded by property taxes.

In order to successfully complete many of the projects and activities that are funded in this budget, the Legislature should follow up with adequate funding for pay increases for state employees so that we can continue to work on filling vacancies that in some agencies make it difficult to deliver needed services. In addition to providing social services, consider that without being able to hire adequate state employees, vacancies lead to delays and increased costs for businesses and individuals seeking licenses and permits, grants, and improved infrastructure to deliver products and services.

I look forward to working with the Legislature to make sure these issues are considered when they return. Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return **House Bill 2184** with my signature approving the bill, except for the items enumerated below.

Behavioral Sciences Regulatory Board Proviso

Sec. 15(b) has been vetoed in its entirety.

Mental health professionals and social workers provide critical care to communities across the state. We should be focused on strengthening our workforce and preparing them to serve Kansans from all backgrounds. This funding restriction limits the ability for these professionals to be trained in potentially lifesaving practices that address the individualized needs of every Kansan.

Board of Pharmacy Proviso

Sec. 25(b) and Sec. 26(d) have been vetoed in their entirety.

Legislators should address rules and regulations that they disagree with by passing legislation through the regular process. The funding restrictions outlined in Sec. 25(b) and Sec. 26(d) attempt to invalidate rules and regulations that have been promulgated by the State Board of Pharmacy. If the Legislature would like to delay the implementation of these rules and regulations, it can pass legislation through the regular process, allowing the regulated community, patients, and health care providers have an opportunity to weigh in on the necessity of revising these rules and regulations.

Governmental Ethics Commission—Already Accomplished in Senate Bill 208

Sec. 31(c) has been vetoed in its entirety.

I understand and support the action to redirect civil penalties collected by the Governmental Ethics Commission to the State General Fund. The language to accomplish this is found in SB 208 which was passed by the Legislature, and which I signed into law on April 14, 2023.

Attorney General—Master Tobacco Settlement Funds

Sec. 39(e) has been vetoed in its entirety.

Since its inception, funding from the Kansas Endowment for Youth has been intended to support programs and services for children between the ages of birth to five years. K.S.A 38-2101 and K.S.A 38-2102 directs funds intended to support programmatic efforts be transferred into the Children’s Initiative Fund. I continue to be committed to supporting youth suicide prevention efforts and enhancing funding for mental health services. The funding in this line item should be used for compliance with the tobacco master settlement agreement, as it has been since 1999.

State Treasurer—Build Kansas Matching Grant Fund Provisos

The portion of 42(b) that reads as follows has been line-item vetoed:

Sec. 42(d), Sec. 43(b) and (c), Sec. 44(b) and (c), Sec. 45(b) and (c), and Sec. 46(b) and (c) have been line-item vetoed in their entirety.

In the budget that I proposed in January, I included funding to support local communities competing for federal Bipartisan Infrastructure Law (BIL) grant awards, and I continue to support that funding for this purpose. However, the proviso language in these sections sets up a process in which many communities will not be able to compete for one-time federal infrastructure grants. The goal of this funding was to provide matching grants for federal projects for which

communities may or may not be approved. The project award itself is not something that I nor the Legislature have any control over, yet this language appears to indicate that communities would have to seek legislative approval and potentially the approval of two other agencies before applying for the federal funding. As a result, the process for seeking this funding will be so delayed and bureaucratic that few communities will succeed. This is especially true for those smaller and rural communities who in many cases do not have any technical staff or lobbyists in Topeka to help them navigate the process as outlined in this bill.

I encourage the Legislature to work with me and those who have participated in the existing Infrastructure Hub during Omnibus to develop a process that will facilitate the most return on investment for the local communities that this program was designed to assist.

Making the Office of the Kansas State Treasurer a Pregnancy Crisis Center Pass-Through Entity

The portion of Sec. 42(a) that reads as follows has been line-item vetoed:

Alternatives to abortion program.....\$2,000,000

Provided, That expenditures shall be made from the alternatives to abortion program account to establish a statewide program to enhance and increase resources that promote childbirth instead of abortion to women facing unplanned pregnancies and to offer a full range of services, including pregnancy support centers, adoption assistance and maternity homes: Provided further, That the program shall include only the following services: Counseling and mentoring; care coordination for prenatal services, including connecting clients to health programs; providing educational materials and information about pregnancy and parenting; referrals to county and social service programs, including child care, transportation, housing and state and federal benefit programs; classes on life skills, budgeting, parenting, stress management, job training, job placement and obtaining a GED certificate; providing material items including, but not limited to, car seats, cribs, maternity clothes, infant diapers and formula; and support groups in maternity homes: And provided further, That program services shall be made available to any Kansas resident who is a pregnant woman, the biological father of an unborn child, the biological or adoptive parent or legal guardian of a child 24 months of age or younger, a program participant who has experienced the loss of a child or a parent or legal guardian of a pregnant child who is a program participant: And provided further, That the provision and delivery of services under the program shall be dependent on participant needs as assessed by the nonprofit organization providing the services and not otherwise prioritized by any state agency: And provided further, That program services shall be available to participants only during pregnancy and continuing for up to 24 months after birth of the child: And provided further, That the state treasurer shall contract with one nonprofit organization to provide services under the alternatives to abortion program, and such nonprofit organization shall subcontract with existing pregnancy centers, adoption agencies, maternity homes and social service organizations to provide program services to promote childbirth instead of abortion: And provided further, That such contract shall be for a term not longer than one year: And provided further, That the selected contractor and any subcontractors may provide services in addition to the enumerated program services, but such services shall not be funded through the alternatives to abortion program: And provided further, That the state treasurer shall include as a condition of the contract with the nonprofit organization selected to provide program services: (1) The assessment of an administrative fine for failure to satisfy program requirements, including required reporting, or for the intentional or reckless misuse of any funds awarded by the terms of such contract, and such fine shall be in the amount of 10% of the funds awarded by the terms of such contract and shall be deposited into the state treasury in accordance with the provisions of K.S.A. 75-4215, and amendments thereto, to the credit of the state general fund; and (2) that such nonprofit organization shall submit a report to the legislature and the state treasurer on or before June 30, 2024, on the administration of the program during fiscal year 2024, including: The number of clients; the number of clients who participated in case management services the number of case management hours provided to clients; the number of clients engaged in educational services or job training and placement activities; the number of newborns who were born to program participants; the number of such newborns placed for adoption; the number of fathers who

participated in program services; the number of client satisfaction surveys completed; and any other information that shows the success of the contractor's administration of the program: And provided further, That the state treasurer shall establish the alternatives to abortion public awareness program to be administered by the same nonprofit organization contracted with to provide alternatives to abortion program services: And provided further, That the purpose of the public awareness program is to help pregnant women who are at risk of having abortions to be made aware of the alternatives to abortion program services: And provided further, That the public awareness program shall include the development and promotion of a website that provides a geographically indexed list of available alternatives to abortion program services and nonprofit subcontractors that provide services: And provided further, That the public awareness program may include, but shall not be limited to, the use of television, radio, outdoor advertising, newspapers, magazines, other print media and the internet to provide information about alternatives to abortion program services and subcontractors: And provided further, That, to the greatest extent possible, the secretary for children and families shall supplement and match moneys appropriated for the alternatives to abortion program with federal and other public and private moneys, and such moneys shall be prioritized to be used preferentially for the program and the public awareness program and be transferred from the special revenue fund or funds of the Kansas department for children and families as identified by the secretary for children and families to the alternatives to abortion program account to be expended for such programs: Provided, however, That the alternatives to abortion program and the alternatives to abortion public awareness program and any moneys appropriated or expended therefor shall not be used to perform, induce, assist in the performing or inducing of or refer for abortions, and moneys appropriated or expended for such programs shall not be granted to organizations or affiliates of organizations that perform, induce, assist in the performing or inducing of or refer for abortions.

I do not think that overseeing a state pregnancy crisis center and maternity home program is what the creators of the Office of the State Treasurer intended when that office was established, nor do I think that any State Treasurer in Kansas history would have thought this to be a part of the role of the State Treasurer. This proviso creates a sole source contract for an unknown entity to provide taxpayer funding for largely unregulated pregnancy resource centers. This is not an evidence-based approach or even an effective method for preventing unplanned pregnancies.

Kansas Department of Revenue—Business Closure Rebates

Sec. 72(b) has been vetoed in its entirety, and the portion of Sec. 73(b) that reads as follows has been line-item vetoed:

American rescue plan - state relief (565-00-3756-3536).....\$0

I am vetoing the provisions of the legislation that impose a \$0 expenditure limitation on the use of federal funds intended for the COVID business closure rebates. While I understand the desire to ensure that these funds are used effectively and efficiently, this limitation does not accomplish the intended goal of transferring these federal funds out of the COVID business closure rebates, and the \$0 expenditure limitation effectively prevents the use of these funds for the license plate replacement fund, which was an objective of the legislation.

Kansas Department of Aging and Disability Services—Federal Funding Proviso

The portion of Sec. 89(b) that reads as follows has been line-item vetoed:

Provided, That expenditures shall be made by the above agency for fiscal year 2024 from the American rescue plan state relief fund to expand the PACE program to additional Kansas counties in an amount not to exceed \$2,500,000.

The PACE program is a vital program for seniors in Kansas and I support expanding access to the program. However, I do not believe one-time federal funding should be used for a project that will create ongoing costs. This project should be covered through existing state resources. I will work with advocates to ensure any expansion of the PACE program is financially sustainable long-term.

Kansas Department for Children and Families—Sole Source Contract

Sec. 90(b) has been line-item vetoed in its entirety, and the portion of Sec. 91(a) that reads as follows has been line-item vetoed:

Foster care licensing and placement software.....\$2,500,000

Provided, That during the fiscal year ending June 30, 2024, the above agency shall make expenditures from the above account for the sole purpose of continuing the agency’s request for proposal process for a subscription to a software-as-a-service product to automate the licensing of foster families and the placement of foster children in approved homes and to commence and fund such subscription on or before December 31, 2023.

Having a transparent, competitive bidding process is key to ensuring our state remain a good steward of public dollars. This appropriation fails to do that and creates a sole source contract.

Kansas Board of Regents—Transportation Research Fund

The portion of Sec. 115(b) that reads as follows has been line-item vetoed:

Provided, That expenditures shall be made by the above agency from the transportation research fund to make distributions to Kansas state university, the university of Kansas and Wichita state university for transportation research projects at such institutions.

Sec. 115(i) has been line-item vetoed in its entirety.

The Legislature should fund these research efforts through a different manner, rather than by returning to the practice of diverting state highway funding. My administration is willing to work with those who would like to ensure that innovative transportation research is supported in our higher education institutions, but not by reopening the Bank of KDOT.

Kansas Board of Regents—Comprehensive Grant

The portion of Sec. 115(a) that reads as follows has been line-item vetoed:

Provided, however, That all expenditures from such account shall be made to provide that all moneys shall be distributed in the same proportionate amount as such moneys were distributed in fiscal year 2022.

The portion of Sec. 116(a) that reads as follows has been line-item vetoed:

Provided, however, That all expenditures from such account shall be made to provide that all moneys shall be distributed in the same proportionate amount as such moneys were distributed in fiscal year 2022.

Increasing college affordability and limiting costs to students and families has been a high priority for my administration. To create the most skilled workforce, we need to support students who attend our higher education institutions through enhanced need-based financial aid. The appropriations in Sections 115 and 116 would cut funding for students who have already been awarded scholarships under the Comprehensive Grant program. This will take away scholarships already promised to students who have demonstrated a financial need and instead provide 50% of the allocated funds to only 6% of Kansas students.

Kansas Board of Regents—Diversity, Equity, and Inclusion Proviso

Sec. 115(h) has been vetoed in its entirety.

The hallmark of our higher education system is its commitment to facilitating open dialogue that allows students to learn, grow, and challenge their thinking. Supporting students from all backgrounds, regardless of socio-economic status or geographic location, is vital to creating a well-trained workforce and growing the Kansas economy. The funding restriction in Section 115(h) limits our universities’ efforts to find a skilled workforce that prepares our students for an ever-changing economy, and it limits their ability to support students from all backgrounds throughout their higher education experience. This restriction also threatens our universities’ ability to secure federal funding and competitive grants that fund innovative research, grow our workforce, and bring economic prosperity to Kansas.

Kansas Department of Corrections—Pathways to Purpose Pilot Program

The portion of Sec. 118(a) that reads as follows have been line-item vetoed:

Pathways to purpose pilot program.....\$1,400,000

Provided, That expenditures shall be made by the above agency from the pathways to purpose pilot program account during fiscal year 2024 to implement a pilot program on or before October 1, 2023, to gauge the effectiveness of prescription digital therapeutics authorized by the federal food and drug administration for the treatment of substance use disorder and opioid use disorder on incarcerated adult offenders in the custody of the secretary of corrections: Provided further, That for the purposes of such program, the above agency shall determine the following: (1) Number of

sites at which the pilot program will be conducted including regions that are geographically diverse; (2) eligibility requirements for pilot program participants; and (3) specific types of prescription digital therapeutics that will be prescribed and evaluated under the pilot program as authorized by the federal food and drug administration for the treatment of substance use disorder and opioid use disorder: And provided further, That as used in this subsection, "prescription digital therapeutics authorized by the federal food and drug administration" or "prescription digital therapeutics" means a product, device, internet application or other technology that is intended to prevent, manage or treat a medical disease, condition or disorder, is approved, cleared or classified by the food and drug administration under 21 U.S.C. 360(k), 21 U.S.C. 360c(f) or 21 U.S.C. 360e for such intended use, utilizes both cognitive behavior therapy and contingency management to treat substance use disorder and opioid use disorder, and requires a prescription under 21 C.F.R. § 801.109

I have worked with the Legislature to support substance use treatment programs in our correctional facilities and have done so through funding that has been approved in a bipartisan, transparent process. An open, competitive bidding process is key to ensuring that our state contracts provide the most value to Kansas taxpayers. This appropriation fails to do that by creating strict requirements that would likely favor a single vendor.

Kansas Department of Wildlife and Parks—Lifetime Hunting and Fishing License

Sec. 138(f) has been line-item vetoed in its entirety.

Last year, I signed bipartisan House Bill 2456, which created a lifetime hunting and fishing license for youth between the ages of birth to 7 years. This legislation included pro-rated fees based on estimates for how much the agency would need to offset the corresponding loss of license revenue over the course of the child's life. If the Legislature would like to pass this type of funding allowance, it should work with the Department of Wildlife and Parks to ensure that a measure that seeks to increase healthy outdoor activities—like hunting and fishing—does not at the same time undermine the long-term financial viability of the agency responsible for encouraging and facilitating outdoor activities.

Federal Grant Funding Database

Sec. 143 has been line-item vetoed in its entirety.

Regarding discretionary grant awards, much of this information is already available. This also could have a detrimental effect on encouraging new and smaller communities from applying and lead to cybersecurity risks. Initial applicants often have missing or insufficient information, yet they may be approved in future years after working with staff to improve their proposal. If applicants know that their unsuccessful attempts will be shared, it will discourage many from applying. This language is also ambiguous and could risk requiring the creation of a massive bureaucracy to track all state and federal funds that are awarded prior to a final award. I would encourage the Legislature to work with my administration to determine if there is additional information needed and how to provide that in a way that would not grow government unnecessarily."

Motions were made that, notwithstanding the Governor's objections, the following line items vetoed in **HB 2184** be reconsidered:

There being no motion on the remaining vetoed line items, the line-item vetoes were sustained on those items.

“Kansas law makes it clear that it is the role of local school boards and the State Board of Education to establish curriculum and educational standards for our students.

This bill is yet again an act of legislative overreach, an attempt to override our locally elected leaders and insert partisan politics into our children's education.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto House Bill 2304.”

A motion was made that **HB 2304** be passed notwithstanding the Governor's veto. By a vote of 83 Yeas and 41 Nays, the motion failed to receive the required two-thirds constitutional majority of the elected members or appointed to the House of Representatives and the veto was sustained.

“As I said in my State of the State address, my North Star as Governor is to make Kansas the best place to raise a family. Key to that is ensuring parents have access to safe, affordable, quality childcare.

This bill would reverse the progress we've made toward that goal, loosening safety requirements for childcare centers, and preventing the state from being responsive to individual communities' needs.

While I agree it's time to review our childcare policies, we must do it together and in a way that improves, not harms, our state's ability to help families and keep kids safe.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2344.**”

A motion was made that **S Sub HB 2344** be passed notwithstanding the Governor's veto. By a vote of 81 Yeas and 42 Nays, the motion failed to receive the required two-thirds constitutional majority of the elected members or appointed to the House of Representatives and the veto was sustained.

“Parents and teachers across Kansas want the same thing - for our kids to get the best education possible.

This bill distracts from that goal, inserting partisan politics into the classroom at the expense of our students, parents, and teachers.

The best thing we can do for our students is work together to continue fully funding public education and ensure they have the resources and support to succeed. We can't do that if we are forced to spend millions of dollars on expensive lawsuits.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **House Bill 2236.**”

Making the Office of the Kansas State Treasurer a Pregnancy Crisis Center Pass-Through Entity

The portion of Sec. 42(a) that reads as follows has been line-item vetoed:

Alternatives to abortion program.....\$2,000,000

EXPLANATION OF VOTE

The timing of the passage of **Sub SB 131** couldn't be better with the NFL draft kicking off tonight. As one of four states that does not have provisions to allow team doctors and other healthcare providers to work on their players when visiting Kansas for an event, this bill puts in place a critical process that is needed for sports teams to ensure the safety of their players while visiting our great state. It also fixes an issue that was inhibiting schools like the University of Saint Mary from building much needed programs that help Kansas train professionals to address mental health issues in our state. I vote AYE.—JEFF PITTMAN

Friday, April 28, 2023, 10:00 a.m.

The Senate was called to order by President Ty Masterson.
The roll was called with 40 senators present.
Invocation by Reverend Cecil T. Washington:

“Let us enter His presence with thanksgiving;
Let us make a joyful noise to Him in song.” Psalm 95:2

How Can I Say Thanks, for the things You have done for me?
Things so undeserved, yet You gave to prove Your love for me.
The voices of a million angels could not express my gratitude.
All that I am or ever hope to be, I owe it all to Thee
To God Be The Glory! To God Be The Glory! To God Be The Glory!
For the things You have done!
Just let me live my life that it be pleasing Lord to Thee
And should I gain any praise, let it go to Calvary
With Your Love, You have saved me.
With Your power, You have raised me.
To God Be The Glory! To God Be The Glory! To God Be The Glory!
For the things You have done! Amen!

SPECIAL REMARKS

Mr. President, Gentle Colleagues: Today I am personally elevated to bestow special recognition on a unique and treasured mechanical feature of our exquisite Statehouse. **SR 1727** commemorates the 100th Anniversary of the Kansas State Capitol's cage elevator, located on the East wing of the "Senate side." David Haley, and much of the Haley family, have long admired and respected history. As many of you know, my late uncle, Alex Haley, explored America's personal history by tracing a part of our family back to the Gambia, West Africa in the epic saga *ROOTS* and, on a more direct look back, my late father, George Haley, was sworn in to this very Chamber as the first Black person elected to the Kansas Senate. A picture of that day, with me as his young son in attendance, is always on my desk on the floor. That was in January 1965 and the elevator had already been here over 40 years. The cage elevator greatly fascinated me then as it has fascinated, no doubt, hundreds of thousands of Capitol visitors over its 100 year existence. Appropriated at \$35,000 in 1923 by the Legislature, the wonder of it, the functionality and mechanics and the discovery within and riding on it was a bargain considering how our beautiful edifice stands out in minds of so many by its very existence. Few states have any nuance like it at all. In 1976, America's Bicentennial year of Independence, another Wyandotte County Senator, Bill Mulich, sponsored with near unanimous cosponsors, a resolution requesting that state officials preserve the elevator in operating condition. Half a century later in 2016, after visiting a Smithsonian exhibit in Washington, D.C. and seeing the wonder of a non-operational (except for its sliding door) ornate cage elevator, I, with unanimous support of all other 39 Senators, sponsored **Senate Bill 443** which requires now that the State maintains the

elevator in operating condition. (Although posted inside the cage elevator currently, Administration intends to post the Law on the walls outside the doors on each floor this Spring.) Beyond nostalgia or even sentimentality, Mr. President, this tireless carriage transporting thousands of people about business and pleasure over five stories is obviously taken for granted over time. A part of those of us here regularly, it becomes pretty routine; maybe even “ho-hum.” Too often we mistakenly believe that we, here in this moment, here in this time, have no cognizant link to our own history; in a stellar realm of service. But the cage elevator was here, doing what it’s supposed to do to render service and aid to countless people, well before any of us got here. And, if our laws are followed, the cage elevator will be here in this magnificent Statehouse doing what it uniquely does to serve, long after we’re all gone. Thank you for joining in the recognition of a century by our yet often admired mechanical marvel; Kansas’ own Statehouse Cage Elevator!—DAVID HALEY

MESSAGE FROM THE GOVERNOR

REGARDING VETO OF SENATE BILL 8

After years of fiscal mismanagement and budget deficits, I am proud that we have balanced the budget four years in a row. As a result, we have seen record economic growth and have delivered over \$1 billion in tax cuts for working families, property owners, veterans, farmers, and ranchers. Instead of sticking with this fiscally responsible and bipartisan path, this bill prioritizes tax breaks for big business over everyday Kansans and would harm the budgets of local governments and schools.

While **Senate Bill 8** includes tax cuts and personal property tax reforms that I support, by bundling 12 bill together the legislature has made it possible to sort out the bad from the good.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 8**.

THE GOVERNOR'S OFFICE

THE GOVERNOR

LAURA KELLY

DATED May 12, 2023

The message was received on May 12, 2023. The veto message having been received after the Senate adjourned Sine Die, there was no opportunity to reconsider **SB 8**.

REGARDING SENATE BILL 25

Senate Bill 25 includes many worthy bipartisan initiatives, including increased funding for mental health, economic development, infrastructure, and higher education. The state matching funds and technical assistance that I proposed in my budget for communities applying for federal grant programs could lead to transportation, energy, water, and broadband improvements that will benefit Kansans for years to come if administered effectively. The Omnibus Budget also contains well deserved pay increases for public employees who work every day to ensure the efficient and effective delivery of public safety, education, health care, emergency response, and business and family services throughout Kansas.

Many of the appropriations and related provisions contained in Senate Bill 25 were passed through the regular process, in which public hearings are followed by debate and amendment in committee and the full House and Senate. This process provides needed scrutiny and input. However, there are many items in this bill that were added after this process ended, some of which I have line-item vetoed below.

Adding sections of funding and related policy at the last minute does not provide legislators with the opportunity to understand and weigh the merits of each proposal. For the sake of all Kansans having a voice in the budget through their elected

representatives, we should return to greater adherence to the regular process.

I look forward to continuing to work with the Legislature to provide fiscally responsible budgets that invest in our future and protect us from returning to the days when, in order to take care of one group, we had to sacrifice the needs of another.

Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return **Senate Bill 25** with my signature approving the bill, except for the items enumerated below.

Board of Pharmacy Provisos

Sec. 5 and Sec. 6 have been line-item vetoed in their entirety.

As I have said previously, legislators can address rules and regulations they disagree with through the regular legislative process. This ensures that any law enacted in the state of Kansas has received proper input from interested parties and that Kansas taxpayers are guaranteed transparency. The funding restriction in Sec. 5(a) and Sec. 6(a) impedes the Board of Pharmacy's ability to regulate issues related to the practice of pharmacy. This language was not properly vetted by any stakeholder, including patients and providers, who would be most affected by the changes in this line item.

Excluding Providers of Mental Health Treatment from Mental Health Intervention Team Program

The provisions of Sec. 37(a) that read as follows have been line-item vetoed:

And provided further; That the purposes of the mental health intervention team program are to: Provide greater access to behavioral health services for students enrolled in kindergarten or any of the grades one through 12 and establish a coherent structure between school districts and community mental health centers to optimize scarce behavioral health resources and workforce; identify students, communicate with families and link students and their families to the statewide behavioral health systems and resources within the network of community mental health centers; alleviate the shortage of staff with specialized degrees or training such as school counselors, psychologists and social workers and reduce the competition for such staff between school districts and other private and governmental service providers to provide broader-based and collaborative services to students, especially in rural districts that do not have enough students to justify a full-time staff position; provide and coordinate mental health services to students throughout the calendar year, not only during school hours over nine months of the school year; and reduce barriers that families experience to access mental health services and maintain consistency for a child to attend recurring sessions and provide coordination between the child's classroom schedule and the provision of such services: *And provided further*; That the program shall focus on the following students: Any student who has been adjudicated as a child in need of care and is in the custody of the secretary for children and families or has been referred for a families first program or family preservation program; and any other student who is in need of mental health support services: *And provided further*; That the state department of education shall oversee and implement the mental health intervention team program in accordance with the requirements of this subsection and the policies and procedures established by the department pursuant to such subsection: *And provided further*; That, in each school year, the board of education of a school district may apply to the department to establish or maintain a mental health intervention team program within such school district: *And provided further*; That the application shall be in such form and manner as the department requires and submitted at a time determined and specified by

the department: *And provided further*, That each application submitted by a school district shall specify the community mental health center that the school intends to coordinate with to provide school-based services to students who need assistance during the applicable school year: *And provided further*, That, if a school district is approved to establish or maintain a mental health intervention team program, the school district shall enter into a memorandum of understanding with a partnering community mental health center: *And provided further*, That, if the school district chooses to partner with more than one community mental health center, the school district shall enter into a separate memorandum of understanding with each such community mental health center: *And provided further*, That the department may establish requirements for a memorandum of understanding, including contractual provisions that are required to be included in each memorandum of understanding and that are optional and subject to agreement between the school district and the community mental health center: *And provided further*, That each memorandum of understanding shall be submitted to the department for final approval: *And provided further*, That, subject to appropriations therefor, a school district that has been approved by the department to establish or maintain a mental health intervention team program shall be eligible to receive a mental health intervention team program grant and a community mental health center pass-through grant: *And provided further*, That, except as otherwise provided in this subsection, the amount of a school district's mental health intervention team program grant shall be determined in each school year by calculating the total amount of the salary and fringe benefits paid by the school district to each school liaison, not to exceed \$50,000 for any such school liaison: *And provided further*, That the amount of a school district's community mental health center pass-through grant shall be an amount equal to 33% of the amount of the school district's mental health intervention team grant, and moneys provided to a school district for the community mental health center pass-through grant shall be paid to any community mental health center that partners with the school district: *And provided further*, That, if the amount of appropriations are insufficient to pay in full the amount of all grants that school districts are entitled to receive for the school year, the department shall prorate the amount appropriated among all districts: *And provided further*, That the department shall be responsible for the allocation and distribution of grants in accordance with appropriation acts: *And provided further*, That the department may make grant payments in installments and may provide for payments in advance or by way of reimbursement and may make any necessary adjustments for any overpayment to a school district: *And provided further*, That the department shall not award any grant to a school district unless such school district has entered into a memorandum of understanding with a partnering community mental health center in accordance with this subsection: *And provided further*, That the department may waive the requirement that a school district employ a school liaison and may instead authorize a community mental health center that partners with the school district to employ a school liaison: *And provided further*, That such waiver shall only be granted by the department in limited circumstances: *And provided further*, That a school district that is granted a waiver pursuant to this subsection shall continue to be eligible to receive the mental health intervention team program grant and the community mental health center pass-through grant authorized pursuant to this section: *And provided further*, That the amount of the mental health intervention team program grant shall be determined in the same manner as provided under this subsection as though the school liaison was

employed by such school district: *And provided further*, That upon receipt of any moneys awarded pursuant to the mental health intervention team program grant to any such school district, the school district shall direct payment of such amount to the community mental health center that employs the school liaison: *And provided further*, That, on or before January 8, 2024, the department shall prepare and submit a report on the mental health intervention team program for the preceding school year to the house of representatives standing committees on appropriations, social services budget and K12 education budget and the senate standing committees on ways and means, public health and welfare and education: *And provided further*, That such report shall provide a summary of the program, including, but not limited to, the school districts that applied to participate or continued participating under the program, the participating community mental health centers, the grant amount each such school district received and the payments made by school districts from the mental health intervention team program fund of each school district: *And provided further*, That the staff required for the establishment and maintenance of a mental health intervention team program shall include a combination of one or more behavioral health liaisons employed by the school district and one or more case managers and clinical therapists employed by the partnering community mental health center: *And provided further*, That all staff working together under a school district's program shall be known as the behavioral health intervention team of the school district: *And provided further*, That the school district and the community mental health center shall cooperate and work together to identify needs specific to the students in the school district and the families of such students and shall develop an action plan to implement a school-based program that is tailored to meet such needs: *And provided further*, That a school district that participates in the program shall employ one or more school liaisons who will help students in need and coordinate services between the school district, the student, the student's family and the community mental health center: *And provided further*, That a school liaison shall have a bachelor's degree in any field of study. A school liaison's roles and responsibilities include, but are not limited to: Identifying appropriate student referrals for which the team shall engage; act as a liaison between the school district and the community mental health center and be the primary point of contact for communications between the school district and the community mental health center; assist with community mental health center staff understanding of the school district's system and procedures, including the school calendar, professional development, drills and crisis plan protocols; triage prospective student referrals and help decide how to prioritize interventions; help the community mental health center and other school personnel understand the roles and responsibilities of the behavioral health intervention team; facilitate communications and connections between families of identified students and the community mental health center's staff; coordinate a student's treatment schedule with building administrators and classroom teachers to optimize clinical therapist's productivity; troubleshoot problems that arise and work with the community mental health center to resolve such problems; track and compile outcomes to monitor the effectiveness of the program; maintain and update the mental health intervention team database as directed by the department; follow up with child welfare contacts if a student has moved schools to get the child's educational history; be an active part of the school intervention team and relay information back to community mental health center staff, including student observations, intervention feedback from teachers,

communications with family and other relevant information; work with school administration to identify and provide confidential space for a community mental health center therapist; and assist in planning continuity of care through summer services: *And provided further*, That a community mental health center that partners with a school district shall employ one or more master's level clinical therapists who will collaborate with the school district to assist students in need and provide services to such students under the program: *And provided further*, That a clinical therapist's roles and responsibilities under the program include, but are not limited to: Assisting the school liaison with the identification of appropriate student referrals to the program; triaging student referrals with the school liaison to prioritize treatment interventions for identified students; working with the school liaison to connect with families or child welfare contacts to obtain consent to commence treatment; conducting a clinical assessment of the identified student and make appropriate treatment recommendations; engaging with the student, family or child welfare contacts in clinical interventions as identified on the treatment plan and providing individual and family therapy; administering scales or tests to detect areas of concern with depression, anxiety, self-harm or other areas as identified; making referrals to other treatment modalities as appropriate; communicating educationally appropriate information to the school liaison, such as interventions and strategies for use by classroom and school staff; gathering outcome data to monitor the effectiveness of the program; coordinating with the case manager by the student's treatment plan to identify ways to support the student and family; providing therapy services as determined by a students' treatment plan; and maintaining the treatment plan and necessary treatment protocols required by the community mental health center: *And provided further*, That a community mental health center that partners with a school district shall employ one or more case managers who will collaborate with the school district to assist students in need and coordinate services under the program: *And provided further*, That a case manager's roles and responsibilities under the program include, but are not limited to: Working with the school liaison and clinical therapist to identify students and triage priorities for treatment; providing outreach to students, families and child welfare contacts to help engage in treatment; participating in the treatment planning process; communicating with the school liaison and other school district personnel about student needs, interventions and progress; helping maintain communication between all entities, including the family, student, school, clinical therapist, child welfare contacts and the community; maintaining the treatment plan and necessary treatment protocols required by the community mental health center; making referrals to appropriate community resources; helping reconnect students and families when they are not following through with the treatment process; helping families negotiate barriers to treatment; and engaging with the student in the classroom, the home or the community to help build skills wherever needed: *And provided further*, That, as used in this subsection, "community mental health center" means a center organized pursuant to article 40 of chapter 19 of the Kansas Statutes Annotated, and amendments thereto, or a mental health clinic organized pursuant to article 2 of chapter 65 of the Kansas Statutes Annotated, and amendments thereto.

The Legislature should work in a bipartisan manner to codify and make permanent the current Mental Health Intervention Team Pilot Program. This program is vital to ensuring Kansas children have the mental health support they need as they progress

through our public school system. I'm proud to support this program, and I have routinely increased its funding so that more schools can provide these services to our students. As written, this proviso would limit the type of mental health providers and practitioners who can participate in the programming—hampering our school districts' ability to contract with a variety of professionals and preventing certain mental health professionals from assisting our students. If we truly want to address the youth mental health crisis and support our young people, we need to ensure that students have access to every resource available. We cannot leave dedicated, experienced mental health professionals on the sidelines as our students remain in need of care.

Quindaro Ruins

Sec. 40 is line-item vetoed in its entirety.

This request for funding for a master plan for the Quindaro Ruins historic site was not considered by the Legislature until the final moments of the 2023 session. As a result, there was no opportunity to vet this proposal to ensure that it truly serves the needs of the community for whom the site is named. My administration recognizes the importance of this culturally significant site, and I will support efforts to elevate this fundamental piece of Kansas history and honor the surrounding community. Advocates should work through the proper channels to seek funding for this measure and ensure that it receives the recognition it deserves.

Inequitable Distribution of Need-Based Aid

The portion of Sec. 47(a) that reads as follows has been line-item vetoed:

Independent colleges comprehensive grant program.....\$5,000,000
Provided, That all expenditures from such account shall be made to provide that all moneys shall be distributed in the same proportionate amount as such moneys were distributed to each such independent college in fiscal year 2023 from the comprehensive grant program account (561-00-1000-4500): *Provided further*, That, as used in this subsection, "independent college" means a not-for-profit independent institution of higher education which is accredited by the north central association of colleges and secondary schools accrediting agency based on its requirements as of April 1, 1985, or by the higher learning commission of the north central association of colleges and schools based on its requirements as of January 1, 2006, is operated independently and not controlled or administered by the state or any agency or subdivision thereof, maintains open enrollment and the main campus or principal place of operation of which is located in Kansas.

Sec. 47(c) has been line-item vetoed in its entirety.

The Kansas Comprehensive Grant already provides a significant financial advantage for Kansas independent colleges on a per pupil basis. Publicly funded student financial aid should be targeted for its intended purpose by all institutions that receive it—providing aid to qualified Kansas residents who show exceptional financial need. It is vital that this funding is allocated in a manner that provides access to higher education for as many Kansas students as possible.

State Fire Marshal Proviso

Sec. 53 has been line-item vetoed in its entirety.

Completely prohibiting the State Fire Marshal from ensuring adequate safety regulations on an entire category of businesses is a heavy-handed approach to addressing state and local fire safety requirements and is bound to have unintended consequences. Stakeholders should work together to identify a regulatory solution that

balances the business needs of farm wineries with fire safety.

THE GOVERNOR'S OFFICE
THE GOVERNOR
LAURA KELLY
DATED May 15, 2023

The message was received on May 15, 2023. The veto message having been received after the Senate adjourned Sine Die, there was no opportunity to reconsider the line-item vetoes on **SB 25**.

REGARDING HOUSE SUBSTITUTE FOR SENATE BILL 113

I first ran to be the “Education Governor” because I was committed to ensuring Kansas students receive the world-class education to which they are entitled. I knew that young Kansans deserved better than crowded classrooms, four-day school weeks, and sliding test scores – and that if we wanted to build a stronger workforce and economy for generations to come, we needed to get back to investing in our students. Over the past five years, I’ve worked with the Legislature to do exactly that: we’ve fully funded our schools every year I’ve been in office, defended against attacks on public schools, and empowered parents and teachers to help our students succeed. Now, it’s clear—Kansas is back on the right track.

We have the opportunity to continue that progress with elements of House Substitute for **Senate Bill 113**. It extends the high-density at-risk weighting and the 20 mills school statewide property tax levy—both of which are vital to providing adequate funding for Kansas students. **SB 113** also provides essential funding for school safety that will allow districts to purchase communications equipment to better coordinate with law enforcement agencies and naloxone to combat the fentanyl crisis affecting too many of our young people. Through the omnibus budget bill, Senate Bill 25, I also was proud to secure new funding for the Mental Health Intervention Team Pilot Program, which provides crucial mental health services to our students.

However, I’m disappointed that this bill fails to provide substantial increases to special education, something that’s critical to the success of every Kansas student. As the state continues not to meet its statutory obligation to fully fund special education, districts must move funding from their general fund budgets to pay for critical services for special education students, in essence limiting their ability to invest in teacher salary increases, create innovative approaches to curriculum, and expand career and technical education opportunities. While I’ll continue to push the federal government to keep its end of the bargain, the Legislature should have done more to increase special education funding in the meantime. When legislators return in 2024, they need to correct their mistake and put Kansas on track to fully fund special education.

The process by which **SB 113** was passed also raises concerns. The Legislature continues a pattern of bundling appropriations and policy provisions into one bill, limiting the ability for the public and their elected representatives to weigh in on each individual element of legislation. The appropriations for our public school system belong with the remainder of the state’s budget and should be evaluated through the normal appropriations process. Instead, the Legislature has decided to “logroll” unpopular provisions into this bill—provisions that would not withstand scrutiny or

pass muster on their own. The Legislature included provisions in this bill that never received a public hearing, were never worked by a legislative committee, nor passed through even one chamber of the Legislature prior to being included in this bill. This process lacks public transparency and prevents the collaboration that could prevent unintended consequences of hastily crafted legislation. The Legislature must end its practice of “logrolling” education funding bills that have such critical consequences for our children, families, and the state.

The “logrolling” process resulted in the inclusion of several elements of this bill that would harm public students and schools. The provisions permitting nonpublic school students to participate in public school activities and expanding the low-income tax credit scholarship program are not policies widely supported by Kansans and would not receive the same support if not tied to education funding. The measure that gives the Legislature the first right of refusal to purchase school buildings creates significant constitutional and local control questions and will likely lead to litigation. Of most concern, though, are changes in appropriations caused by altering the school finance distribution to schools in Section 14.

The current school finance formula was approved by the Kansas Supreme Court in the *Gannon* case. Changes to this formula run the risk of noncompliance and jeopardize our track record of constitutionally funding schools. **SB 113** specifically changes the method by which school districts must determine their enrollment and thus the amount of funding appropriated by the state. Under current law, school districts may use the enrollment of one of the two preceding years to determine the level of state aid they are subject to receive. This essential element of our finance formula was crafted to ensure that districts with declining enrollment, especially rural districts, can properly account for this decline and make financial plans to ensure their own sustainability. SB 113 changes the formula so that districts must use the current year or the previous year’s enrollment when determining state aid.

For districts experiencing declining enrollment, this change precipitates immediate funding adjustments that districts would be required to make in the upcoming school year rather than over the next few years as is dictated by current law. This provision would be enacted after many school districts have finalized their budget and signed contracts with teachers based on existing appropriations. These districts are already preparing for the budget impacts of declining enrollment, but the decision to rapidly speed up the fiscal effect of declining enrollment leaves districts in an untenable situation where they must significantly cut budgets in a matter of weeks. These districts have been operating in good faith and within the bounds of current law when determining their budgets and enrollment for the upcoming school year. This provision pulls the rug out from underneath rural school districts at the 11th hour. If this provision were enacted, it would bring dangerous and devastating consequences for our rural districts.

I will not allow this to happen to our rural schools, which are essential to the fabric of Kansas. As Governor, I have always been committed to ensuring that our rural schools are properly supported to serve their communities. This provision jeopardizes the vitality of our rural communities and threatens the economic engines of many small towns.

In addition, the current method for determining enrollment was approved by the Kansas Supreme Court in the *Gannon* case; changing one of the primary building

blocks of the school finance formula in *Gannon* would raise questions over the state’s compliance with the case.

Therefore, I have chosen to line-item veto Section 14 of **SB 113**.

Throughout the legislative debate over this bill, **SB 113** was categorized as an appropriations bill. During the House debate, a legislator moved to amend the finance formula provisions of the bill, which was ruled a violation of the chamber rules because the net effect of the amendment would have caused a change to the appropriations in the state foundation aid line-item. That appropriation would have very real consequences for our schools, as the finance formula operationally determines the amount of state funds appropriated to school districts through the proper budget line-items.

Therefore, pursuant to Article 2, Section 14(b) of the Constitution of the State of Kansas, I hereby return House Substitute for Senate Bill 113 with my signature approving the bill, except for the items enumerated below.

Appropriations through Changes to the Definition of Enrollment in the Kansas School Equity and Enhancement Act

Sec. 1(c) has been vetoed in its entirety.

The portion of Sec. 2(a) that reads as follows has been line-item vetoed:

State foundation aid (652-00-1000-0820).....\$47,899,069

Sec. 14 has been vetoed in its entirety.

The changes made to the school finance formula in this section will have immediate devastating effects on rural schools because it will prevent them from properly planning for budgetary impacts caused by this change, precipitating funding reductions caused by declining enrollment. Should the Legislature want to make these changes to the finance formula, they should utilize the proper process and consult with affected school districts. This appropriation provision was hastily altered without the ability for districts to weigh in or consult with their elected representatives.

The items line-item vetoed in Sec. 1 and Sec. 2 ensure that our schools remain funded and that the alterations in appropriations caused by the changes to the finance formula are also removed.

The portion of Sec. 21 that reads as follows has been line-item vetoed:

72-5132,

This statutory reference to the appropriation is required to be struck, otherwise the entirety of the finance formula would be repealed from state law. In combination with Sec. 14, this line-item protects existing appropriations and ensures that the current formula remains intact.
