January 26, 2023 - Kansas House Elections Committee hearing on HB 2056, relating to the deadline for returning advance ballots – Opposition testimony

Chairman Proctor and Distinguished Committee Members,

My name is Rick Piepho, Harvey County Clerk and Chairman of the Elections Committee of the Kansas County Clerks and Elections Officials Association (KCCEOA). The KCCEOA is a statewide organization with 109 members including 103 publicly elected county clerks, 2 charter appointed county clerks, and additionally, four election officers from the most populous counties in Kansas. Our duties are significant under statute and one of our most public facing functions is free and fair administration of elections. We take this duty very seriously. We prepare for every possible, and impossible, scenario which could occur.

I am submitting this testimony on behalf of the KCCEOA membership. The KCCEOA prepared a legislative agenda which was developed through a policy committee process and agreed to by a majority of the members. One of the items specifically included is: "Maintain the status quo with regard to election, registration and canvass schedules...".

We believe that the current deadline for receipt of valid advance ballots by mail should remain. With delivery delays by the US Postal Service expected to continue, we believe that allowing ballots mailed prior to the close of polls on Election Day to be received by the 3<sup>rd</sup> day following the election ensures that valid voted ballots are accepted and included in the final results. Most properly mailed advance ballots are returned the day after the election but diminishing quantities continue to be received for many days after Election Day.

Exhibit 1 on the next page shows the advance return log for the 2022 General Election in Harvey County. A deadline of 7 p.m. on Election Day would have meant that 45 valid voted ballots would not be counted out of 1,014 total received by mail. Not a huge number but it adds up across 105 counties. Also, Tuesday is almost like a postal holiday with very little mail received on that day of the week. This would effectively mean that voters would have to mail on Friday or Saturday before Election Day or earlier so that we receive them in time. The total number of advance ballots sent and returned were much higher for the 2020 General Election, but the statistics for ballots returned by the USPS are similar.

The KCCEOA opposes HB 2056 as currently presented. We ask that the committee hear our concerns and act accordingly. I will not be able to attend the hearing so we are providing written testimony only on this bill.

Sincerely,

Rick Piepho  
Harvey County Clerk & Election Officer – KCCEOA Elections Committee Chair
