HB2571

Proponent

Written Only

Chairman Proctor and members of the House Elections Committee:

I am writing as a proponent for HB2571. I believe this is a good step forward in verifying people who drop off their advance ballot. If the person cannot verify they are dropping off their own ballot or a ballot from an authorized individual, then it should be marked provisional. Then the election office can perform their due diligence on the voter to verify information. It can then be accepted or rejected by the board of canvassers. Again I am in support of HB2571.

Respectfully,

Brett Anderson
