

To whom it may concern,

I am Rev. Randy Dyke, I am a resident of Kansas. I have been told about the program that is proposed to help our 100% disabled Vets with a tax relief. I have been asked by Retired SSG Loran Osborne to write a letter to tell how I feel about this assistance for our disabled Vets. I wish I could do more than just a letter.

As an American I am honored to be a small part of this movement. I thank God every day to be able to freely speak His name. It is the freedom that I have today because of men like this who gave all they had for our country. We look around this world and it is not hard to see that there is pain and suffering that these men and women have gone through and are still going through. It's not hard for Americans to see that they did not come home the same way they left, mentally or physically.

I believe that giving assistance by means of a tax break for our Veterans is wise and honorable. I believe this is a small gesture of what we should be giving them for their efforts in keeping the freedom we all hold today.

I thank God for all of our Military men, active, retired, disabled, and those that gave their lives.

I pray that our Lord and Saviour will be with all of you that have a decision to make on behalf of the Veterans. No decision is easy. May God bless you all.
