

Dear Madam Chairwoman Tyson and Members of the Senate Assessment and Taxation Committee,

I fully support SCR 1610 and urge you to do the same. The reasons I am asking your support are:

- Since moving into Miami County from Johnson County in July of 2020, our property value has skyrocketed. We are aware that home prices have gone up but not near at this rate and particularly since huge interest rate hikes have dampened the housing market greatly.
- People will think twice about moving into Miami County when property tax appraisals are set way too high. With fewer people moving here and those that are here move out because of excess property valuations, the tax base will diminish.
- Put in place realistic property appraisals and reasonable mill levies and the county will grow, increasing the tax base.

I urge you to support SCR 1610 and stand behind the people of Miami County.

Thank you for your service.
