

March 18<sup>th</sup>, 2023

Dear Senators,

I am a proponent of SCR 1610. Paying our property taxes has been my responsibility for decades. I have seen increases in the valuation of our properties that would prove very destructive for many families. As our property taxes have escalated, I have seen our county commissioners increase their donations of my money to many nongovernmental causes that I do not support.

SCR 1610 gives me hope that property taxes can moderate and that county government will learn to spend appropriately. Thank you.

God bless each of you,

Deanna C. Steffen
