

SB 210

February 17, 2023

Senator Mike Thompson and committee,

In regards to SB 210, I also support this bill.

I believe in full transparency when it comes to voting for officials in all elections, whether it is local, county, or state. In non partisan elections, I want to know which political party the candidate is a part of. This gives me an idea of what to expect when deciding who to vote for. Democrats, Independents, and Republicans have very different ideas and platforms, and I want to know this information in order to make an informed vote.

Thank you.
