SB 370 Proponent Written Only Testimony

Name: Jaime Kissinger

Chairman Thompson and Members of the Committee,

Please accept my proponent written testimony as this act ensures that the designation of national heritage areas and national historic trails in the state of Kansas, as well as the inclusion of state property within such designations, must be approved by the state legislature. It also prohibits state funding of these designations without legislative approval. This act aims to protect state and private property rights and ensure accountability and transparency in the management of national heritage areas and national historic trails within the state. We want to be in control of our rights here in Kansas.

Sincerely,

Jaime Kissinger
Precinct Committeewoman
