Subject: Senate Bill 219 – Senate Public Health and Welfare

Disposition: Proponent

Dear Honorable Chairwoman Senator Gossage and Members of the Senate Health and Welfare Committee,

I strongly urge your support to SB 219. I absolutely do not want my tax dollars being used to subsidize abortion clinics. The abortion clinics should not be allowed to purchase Healthcare Stabilization Fund. I do not believe in abortion just because a woman wants to have one. How about practicing safe sex or giving the baby up for adoption?

I feel our tax dollars can be use more efficiently by helping our fellow Kansans with drug rehab and maintaining a job. Studies show people who work and contribute to society have more confidence in themselves and overall happier.

I would appreciate your support on SB 219!

Sincerely,

Jannel Munk
