

Public Health and Welfare Committee

Proponent

SB #219

February 16, 2023

Dear Honorable Chairwoman Senator Gossage and Members of the Senate Health and Welfare Committee,

I strongly urge your support to SB 219.

I am writing this letter in regards to SB #219 and my support for this bill. I do not believe that taxpayer money should ever go to fund any abortion or abortion clinic period. Taxpayers work hard and the money we send to the government in the form of taxes should be used for the good of the community and state. Abortions are not good for any state and I, for one, do not want our state to be the place that women from all across the U S come to have an abortion. If our taxes pay for this it will be encouraging abortions not deterring them. Along with this abortion clinics should not be allowed to obtain insurance on the Healthcare Stabilization Fund. I believe there are other more deserving types of clinics that can benefit from the Healthcare Fund that save lives not end them. Our state should not be funding abortion clinics any way shape or form or anything that encourages or supports them.

I would appreciate your support for SB #219.

Thank you for your time and consideration.

Sincerely,  
Mary Stang
