SB46  
Written-Only  
Proponent for SB 46  
Bonnie M Rasmussen  
Resident  
770-262-8026

To: Senate Utilities Committee, State of Kansas.

I fulfilled a dream 10 years ago when I was privileged to move back to rural Marshall County. I built a home in the country away from the noise and lights of the big city. There I enjoyed the morning sunrises and evening sunsets and the moon and stars of the night. Now I am almost surrounded by blinking red lights from evening until way past sunrise. I have only one window which does not look out upon a sea of red blinking lights. I am asking you to help us to get back some night skies by supporting Bill SB 46.

Please vote for Bill SB 46 to move out of committee. Thank you for understanding.
