

March 10, 2023

The Honorable Will Carpenter, Chairperson
House Committee on Federal and State Affairs
300 SW 10th Avenue, Room 346-S
Topeka, Kansas 66612

Dear Representative Carpenter:

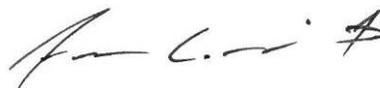

SUBJECT: Fiscal Note for HB 2451 by House Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2451 is respectfully submitted to your committee.

HB 2451 would change the current definition of delta-9 tetrahydrocannabinol in the Commercial Industrial Hemp Act to remove the references to salts, acids, and isomers of delta-9 tetrahydrocannabinol in industrial hemp. The bill would also allow the manufacturing and sale of various prohibited hemp products. Additionally, HB 2451 would clarify that it is unlawful for any industrial hemp extract with a delta-9 tetrahydrocannabinol concentration of greater than 0.3 percent that will be further processed to be processed, marketed, or sold to any person in Kansas who is not a registered hemp processor or a Kansas Department of Agriculture licensee under a commercial plan.

The Kansas Department of Agriculture indicates that enactment of HB 2451 would not have a fiscal effect.

Sincerely,

Adam Proffitt
Director of the Budget

cc: Kellen Liebsch, Department of Agriculture
