Background

The bill was introduced by the House Committee on General Government Budget at the request of Representative Hoffman.

House Committee on General Government Budget

In the House Committee hearing on February 20, 2023, the Executive Director of the Judicial Council provided **proponent** testimony, generally stating current revenue sources are unreliable and that the agency would soon be unable to support the Judicial Council's operation in carrying out its statutory mission and duties. The Executive Director indicated the bill would provide the agency with a sufficient and stable funding source and allow the agency to continue its work in improving the administration of justice in Kansas.

No other testimony was provided.

Fiscal Information

According to the fiscal note prepared by the Division of the Budget on the bill, as introduced, the Judicial Council estimates revenues of \$723,165 would be transferred from the Judicial Council Fund and the Publications Fee Fund to the SGF for FY 2024. The agency states its requested FY 2024 budget is \$696,664, from all funding sources, and if the bill is enacted, that amount would need to be funded from an SGF appropriation.

Any fiscal effect associated with the bill is not reflected in *The FY 2024 Governor's Budget Report*.
